### AC 3.13.9.1

A Competition Panel of up to 3 members will be responsible to address any observed instances or complaints of unsportsmanlike conduct or other Code of Conduct (the 'Code') violations that occur during a registered Archery Canada event. For major events, the Chair of the Competition Panel will be identified by the organizers in advance of the activity and should be published in any competition materials that are provided to the participants. For all other events, the Competition Panel Chair may be the head judge, technical delegate, or Director of Shooting.

### AC 3.13.9.2

When an incident has been observed by or a complaint reported to a judge, technical delegate, Director of Shooting, or member of the organizing committee, it will be brought to the Competition Panel Chair or designate. The Chair may appoint, at their discretion, up to two additional impartial and knowledgeable individuals to determine whether a code of conduct violation has occurred. Competition Panel members must not be involved as a subject of the complaint or observed infraction and may be identified from the following list (not in any order and not limited to the following):

- A judge who is present but not competing or officiating;
- A knowledgeable Archery Canada, Provincial/Territorial Association or Club Staff or Director;

- An impartial, knowledgeable competitor who is not an involved part to the complaint or observed infraction.

### AC 3.13.9.3

The Competition Panel shall use the following procedure to address the incident or complaint under consideration:

- The Competition Panel members will interview and secure statements from any witnesses, including officials, who observed the alleged violation.
- The Competition Panel will attempt to secure a statement from the person(s) accused of the alleged violation.
- Involved parties shall also have the right to submit to the Competition Panel any relevant evidence. This may include, but is not limited to, names of potential witnesses, documentary evidence or evidence from other media (e.g. photos, screen shots, videos, or other recordings)
- The Competition Panel will render a decision and determine a possible penalty. The Competition Panel may refer to the Archery Canada and/or Provincial Code of Conduct and Complaints and Discipline Policy in the determination of a penalty.
- The Chair of the Competition Panel will inform all parties of the decision, which may be in the form of a disciplinary penalty or to dismiss the complaint.
- In-competition discipline or sanction imposed by the Competition Panel does not prevent an individual from facing additional disciplinary proceedings under the policies of Archery Canada or the applicable PTSO(s).

### AC 3.13.9.4

The penalty determined by the Competition Panel may include any of the following, singularly or in combination:

- Oral or written warning;
- Written reprimand;

### AC 3.13.9.6

A full written report of the incident or complaint and the Competition Panel's decision shall be submitted to the Club, PTSO, and Archery Canada by the Chair of the Competition Panel following the conclusion of the Event. If the Competition Panel has deemed that the violation to be more than a minor infraction, a report should be made to the Independent Third Party of Archery Canada or to local authorities. A complaint and further discipline may then be applied in accordance with the Discipline and Complaints Policy, if necessary.

### AC 3.13.9.7

The decision of the Competition Panel is final and cannot be appealed.

### AC 3.13.9.8

An incident or complaint being reported to the Competition Panel during an event does not prohibit other individuals from reporting the same incident to their PTSO, Archery Canada or Abuse-Free Sport to be addressed as a formal complaint under the Discipline and Complaints Policy.
