AC Definitions

WA	World Archery
AC	Archery Canada - Federation of Canadian Archers using the brand name Archery Canada.
DoS	Director of Shooting
TD	Technical Delegate
OC	Organizing Committee
PSO/TSO	Provincial/Territorial Sport Organization member of Archery Canada
Registrant	an individual who is a registrant (member) of a PSO/TSO member of Archery Canada or otherwise recognized as a registrant (member) of Archery Canada
720 Round	<p>The 720 Rounds are a composite of outdoor target rounds of 72 arrows that includes the rounds described in AC 4.5.1.5 to 4.5.1.7.</p> <ul style="list-style-type: none">• For Recurve (and Barebow in Canada) - the WA 70m Round, the 60m Round and also distances for Cub and Pre-Cub athletes shot on the 122cm target face.• For Compound (and other compound bow divisions in Canada) – the WA 50m Round for Compound and also distances for Cub and Pre-Cub athletes shot on the 80cm target face.
Qualification Round	Originally refers to rounds shot to qualify athletes for subsequent events and to rank them before elimination and finals matches are shot. These are typically a 720 Round, or a round of Field or 3D courses. In some cases, such as common in Canada, where only such rounds are shot for a tournament to determine prizes, and no subsequent elimination or finals match play is shot, then the term “Qualification Round” shall be taken to mean the round(s) of the tournament that are used to determine prizes.
Traditional	With reference to archery bows, refers to bows with limbs and risers of which the recurve bow, barebow, instinctive bow and longbows are typically representative.
Youth	Refers to the Age Classes Junior and younger (i.e. Junior, Cadet, Cub, Pre-Cub, PeeWee)
Category	The combination of equipment (e.g. compound), gender (e.g. male) and age (e.g. junior).

Rules of archery events in Canada are consistent with rules of World Archery except as noted on these pages

AC 3.5.10

to be developed

3.6. Invitations

3.6.1.

Invitations shall be distributed to Member Associations eligible to compete, Honorary Officers, the Executive Board and the respective Permanent Committee.

3.6.1.1.

At least six months before the first day of competition, the organisers shall issue:

- Invitations to Member Associations eligible to compete;
- Detailed information on the entry fees;
- Preliminary entry forms requesting the numbers of expected participants and officials for each event;
- Final entry forms requesting names of participants entered for each event, and of officials;
- Information on accommodation, booking arrangements, meals, costs, etc.

3.6.1.2.

At least three months before the first day of competition, the organisers shall send to eligible Member Association confirmation that the Championships shall be held as announced.

AC 3.6. Invitation and Registration

AC 3.6.1

Invitations shall be published on the AC website to all registrants eligible to compete.

AC 3.6.1.1

At least six months before the first day of competition, the organisers shall issue:

- invitations to Registrants eligible to compete;
- detailed information on the entry fees;
- entry forms requesting names and other pertinent information of participants;
- information on schedule, accommodation, booking arrangements, meals, costs, etc.
- information on available categories (see. Conditional Divisions AC 3.21, Book2)
- information on dress regulations (see AC 20, Book3)

AC 3.6.1.2

At least three months before the first day of competition, the organisers shall publish a confirmation that the Championships shall be held as announced.

3.7. Entries

3.7.1.

All Member Associations in good standing (see [Appendix 1-Congress Procedures, Article 3.1.6. in Book 1](#)) may enter athletes.

3.7.1.1.

Member Associations wishing to enter athletes in a Championship shall register as follows:

- Submit preliminary entries, which is mandatory, not later than 90 days before the first day of competition;
- Submit final entries not later than 20 days before the first day of competition;
- Member Associations which send final entries that are more than two (four for Youth) athletes different from the numbers indicated in the preliminary entries shall pay a fine established by the Executive Board;
- Teams that submit their final entries 40 days prior to the first day of competition shall receive a reduction of 20% of the entry fee;
- Teams that enter after the 20 day deadline or make changes after this deadline shall pay a penalty of 150 USD per change or athlete registered;

Under no circumstances shall World Archery accept any entries after the Team Managers meeting or the official practice, whichever comes first.

3.7.1.2.

Entries submitted after the specified closing date may be refused by the organisers or World Archery; however, if the cause of the delay is due to circumstances beyond the control of the Member Association concerned, the organisers and World Archery may accept that entry. World Archery reserves the right to refuse any entry after the 20 day deadline if such entry would cause a change in the programme or cause other organisational problems. Such decision shall be taken by the Secretary General after consultation with the Organising Committee.

3.7.2.

The submission of entry forms implies:

- A declaration that the Member Association is in good standing (see [Appendix 1-Congress Procedures, Article 3.1.6. in Book 1](#));
- That all athletes and officials expenses shall be covered by the respective Member Association in case of illness or accident;
- All athletes and officials have signed the Anti-Doping Agreement (see [Consent Form, 3. Consent Form in Book 6](#)).

If this is not the case, athletes from that Member Association shall not be eligible to compete in the Championship.

3.7.3.

The number of athletes that may be entered by a Member Association is limited.

3.7.3.1.

At World Championships, a Member Association may enter no more than three athletes in each category.

3.7.3.2.

A mixed team consists of one female and one male athlete of the same category.

3.7.4.

A World Championship shall not be held for any category for which preliminary entries reflect fewer than 12 individuals and six teams.

For the Youth and Para-Archery categories, the minimum numbers shall be eight individuals and four teams.

3.7.4.1.

If fewer athletes/teams are entered than the number required for each match play round (see [4.5. Rounds](#)), byes shall be permitted.

3.7.4.2.

A match with a bye is a match that does not take place because not enough athletes are entered for a round to provide opponents for each match of that round. The athlete/team with a bye qualifies for the following round.

3.7.4.3.

Organisers shall ask for the date of birth of each athlete of a Youth Class and formal proof to be provided.

AC 3.7. Entries AC

3.7.1

All Canadian registrants in good standing meeting eligibility requirements may enter as athletes in championship competition (see AC 2.0 & AC 2.2.10, Book1).

AC note – some eligibility requirements for Team Trials and Major Events may be separately published.

AC 3.7.1.1

Registrants wishing to enter a championship competition shall register as prescribed on the AC website for the particular event.

AC 3.7.1.1.1

Registration for the following Championships and Trials shall be by online registration or through other prescribed contact with the Organizers.

- Canadian Outdoor Target Championship,
- Canadian Field Championship,
- Canadian 3D Outdoor Championship,
- Canadian 3D Indoor Championship,
- Canadian Open.

AC 3.7.1.1.2

For 3D events, including but not limited to:

- 3D Outdoor Championships
- 3D Indoor Championships
- Nationally registered 3D events

Registrants are not permitted to enter into multiple categories. For clarification on categories, please see Book 2, AC 4.4.

AC 3.7.1.1.3

Registration for the Canadian Regional Indoor Championship shall be as prescribed by the host clubs.

AC 3.7.1.1.4

Registration for the Fred Usher Memorial Cup shall be made by the provincial team no later than the time announced during the Tournament Information Meeting of the Outdoor Target Championship.

AC 3.7.1.2

Entries submitted after the specified closing date may be refused by the organizers; however, if the cause of the delay is due to circumstances beyond the control of the registrant concerned, the organisers may accept that entry. Archery Canada reserves the right to refuse any entry after the deadline if such entry would cause a change in the programme or cause other organisational problems. Such decision shall be taken by the Technical Delegate after consultation with the Organising Committee.

AC 3.7.2

The submission of an entry implies declarations that:

- the registrant meets the eligibility requirements (see AC 2.2.10, Book 1 sections 2.1,2.2)
- the registrants is in good standing;
- the registrant agrees to participate in anti-doping as required;
- the registrant agrees to abide by the codes of conduct of Archery Canada.

AC 3.7.4

This page intentionally left blank

Byes and Forfeiture

WA 3.7.4.1.

If fewer athletes/teams are entered than the number required for each match play round (see 4.5. Rounds), byes shall be permitted.

WA 3.7.4.2.

A match with a bye is a match that does not take place because not enough athletes are entered for a round to provide opponents for each match of that round. The athlete/team with a bye qualifies for the following round.

WA 3.7.4.3.

A forfeited match is a match in which one of the two athletes/teams is not present when the order of shooting is decided (when shooting alternately) or in which one athlete/team is not present at the start of the match (both athletes/teams shooting at the same time). The athlete/team present when the order of shooting is decided or present at the designated target at the start of the match then shall be declared the winner of that match.

3.8. Accreditation

3.8.1.

The organisers shall issue appropriate accreditation to each participant and official, in accordance with World Archery Accreditation Guidelines:

3.8.1.1.

The proof of accreditation shall be carried at all times on the competition area and shall be shown on request of appropriate officials.

3.8.1.2.

Only holders of appropriate accreditation shall be allowed onto the relevant parts of the competition area.

AC 3.8. Accreditation

AC 3.8.1.

The organisers shall issue appropriate accreditation to each participant and official.

AC 3.8.1.3

The number of accredited officials from any PSO/TSO organization is limited. A Provincial/Territorial Team will have a Team Captain who may be helped by up to 3 assistants or coaches for the first 5 athletes from the province, plus 1 coach for every additional 5 athletes. This includes, in the case of wheelchair athletes, 1 Team Official for every 3 wheelchair athletes from the same province, in front of the waiting line.

AC 3.8.1.4

Organizers will allocate to each competing athlete an athlete number card which shall be proof of accreditation as a competitor and which shall be worn by the athletes to allow the spectators and others to recognize them. Athlete numbers will remain unchanged throughout the tournament.

AC 3.8.1.5

Athlete numbers are to be prominently displayed upright on the athlete's quiver, quiver belt or thigh, visible from behind the shooting position at all times while shooting is in progress.

AC 3.8.1.6

Accreditation badges and athlete numbers need not be issued or worn for the Regional Indoor Championship

3.9. Championship Documents

3.9.1.

The organisers are responsible for providing the following documents:

3.9.1.1.

A programme for the Championship indicating dates, times and venues of all competitions, ceremonies, occasions and services of interest to athletes and official before and during the competition; this programme shall have been approved by the Co-ordination Committee;

3.9.1.2.

A list of the target assignments and intermediary and final results at the venue;

3.9.1.3.

The final detailed results list shall be distributed by World Archery after the event.

AC 3.9. Championship Documents

AC 3.9.1.

The organisers are responsible for providing the following documents:

For the Canadian Outdoor Target Championship, the Field Championship, the 3D Indoor Championship and the 3D Outdoor Championship:

AC 3.9.1.1.

A programme for the Championship indicating dates, times and venues of all competitions, ceremonies, occasions and services of interest to athletes and officials before and during the competition. This programme shall have been approved by the Technical Director.

For all Championships;

AC 3.9.1.2.

Lists of the target assignments and intermediary and final results at the venue;

- Two lists of athletes; one according to equipment division (provided prior to equipment inspection) and the other according to target/group, both including the name and athlete numbers - the target/group list being revised whenever targets/groups are re-assigned;
- Interim results list to be distributed after each round/phase of the competition.

AC 3.9.1.3

The final detailed results list shall be submitted to AC for posting after the event.

AC 3.9.1.4

Within 2 months of the closing day of the Championships, the Organizers will submit a report on the Championships accompanied by a copy of all of the above documents as well as samples of posters, commemorative badges, photographs, press cuttings and any other item that may be of interest to the archives. - At Canadian Outdoor Target Championships one Judge for every 10 buttresses;
- At Canadian Field Championship at least **one Judge for every 6 targets** on each course;
- At Canadian Indoor or Outdoor 3D Championships at least one Judge on each course;

AC 3.11.1.2

For other events there shall always be a minimum of one Judge on each field of play or each course:

- For every 10 target buttresses at least one Judge shall be appointed.
- For every course at least one Judge shall be appointed.

AC 3.11.2.

For Archery Canada Championships the Judges shall be appointed by the AC Board of Directors on the recommendation of the Chairman of the Archery Canada Judges Committee.

AC 3.11.2.1.

The Chairman of the Archery Canada Judges Committee shall notify the names of the appointed Judges to the Executive Director, the organisers, and the appointed Judges no later than 90 days before the first day of the competition. The Chairman of the Judges Committee shall receive confirmation of the Judges' availability before making the appointment.

AC 3.11.2.2.

If possible, no more than two Judges shall be appointed from any one Member Province.

AC 3.11.3.

For Archery Canada Championships the Board of Directors shall appoint one additional Judge as chairperson of the Tournament Judge Commission who shall be at least a National Judge;

AC 3.11.3.1

The Tournament Judge Commission shall cooperate closely with the Technical Delegate.

AC 3.11.1.2.

At Field and 3D Championships the Chairman of the Tournament Judge Commission shall have communication with each Judge by communication equipment. (see Article 8.1.1.14.).

AC 3.11.4.

The chairperson, on behalf of the Tournament Judge Commission, shall submit a report on the tournament to the Executive Director.

AC 3.11.5

Judges wear a red golf shirt (long or short sleeves), a red or beige ball cap or beige brimmed hat or no hat, and beige pants, shorts or skirt.

With the approval of the Chairman of the Tournament Judge Commission:

- other uniform clothing provided by the Organizing Committee may be worn;
- on Field and 3D courses other trousers may be worn.

3.12.Roles and Responsibilities of Judges

3.12.1.

The Judges' duties are to ensure that the tournament is conducted according to the Constitution and Rules, and in fairness to all athletes.

3.12.1.1.

They shall check all distances and the correct layout of the range or courses; the dimensions of target faces and target butts; that the faces are set at the correct height from the ground; that all butts are set at a uniform angle.

3.12.1.2.

They shall check all the necessary venue equipment.

3.12.1.3.

They shall check all athletes' equipment before the tournament and at any time thereafter during the tournament.

3.12.1.4.

They shall control the conduct of the shooting and scoring.

3.12.1.5.

They shall consult with the Director of Shooting and the Chairperson of the Tournament Judge Commission on questions which arise regarding the shooting.

3.12.1.6.

They shall handle any disputes and appeals which may arise and, where appropriate, pass them on to the Jury of Appeal.

3.12.1.7.

They shall in liaison with the Director of Shooting interrupt the shooting if necessary because of weather conditions, power failures, a serious accident, or other occurrences, but to attempt, if at all possible, that each day's program is completed on that day.

3.12.1.8.

They shall consider relevant complaints or requests from Team Captains and, where applicable, take suitable action. Collective decisions shall be made by a simple majority of votes. In case of a tie, the chairperson shall have a tie breaking vote.

3.12.1.9.

They shall deal with questions concerning the conduct of the shooting or the conduct of an athlete. These questions shall be lodged with the Judges without any undue delay and in any event shall be lodged before the prize giving. The ruling of the Judges or Jury of Appeal, as applicable, shall be final.

3.12.1.10.

They shall ensure as far as possible that athletes and officials conform to the Constitution and Rules as well as to decisions and directives the Judges may find it necessary to make.

3.13. Jury of Appeal

3.13.1.

A Jury of Appeal of three members shall be appointed by the Executive Committee for every World Championships.

3.13.2.

The decision made by the Jury of Appeal is final.

3.13.3.

Appeals against rulings by the Judges shall be presented, in writing, by Team Managers, or appellants if no Team Manager has been designated.

3.13.3.1.

An intention to appeal when it might affect the progression of an athlete from one stage of the competition to the next, shall be expressed in writing and lodged with the chairperson of the Tournament Judge Commission within five minutes of the end of the relevant round or match, whichever applies. During the Finals of match play rounds, the notice of intent to file an appeal shall be given within five minutes of the end of the match, or prior to the start of the next match, whichever is first.

3.13.3.2.

The written appeal shall be lodged with the Jury within 15 minutes of the end of the relevant round or match, whichever applies.

3.13.4.

An appeal is subject to a fee that shall be returned if the appeal is upheld or if the Jury of Appeal decides that it is appropriate. The amount shall be determined by the Executive Board on an annual basis.

3.13.5.

As soon as an appeal is received, a communication to the Team Managers shall be made that an appeal has been made and what the appeal is about.

3.13.6.

Members of the Organising Committee or persons participating in the Championship are not eligible for the Jury of Appeal.

3.13.7.

The Jury shall be available at all times during the Championship, including the day of official practice. During match play competitions the Jury shall be present and available at the competition venue.

3.13.8.

Jury decisions shall be minuted and reported to the appellant, the chairperson of the Tournament Judge Commission and the organisers before the beginning of the next stage of the competition or before the awarding of prizes.

AC 3.13. Jury and Appeals

In general the WA rules for the Jury of Appeal also apply for Canadian Championships, trials and major events except as prescribed for multi-site events.

AC 3.13.1

A Chairman of a Jury of Appeal shall be appointed by the AC Board of Directors for every Championship, trial or major event.

AC 3.13.1.1

UNDER REVIEW Upon receipt of an appeal, the Chairman of the Jury of Appeal will appoint two impartial and knowledgeable Jury members who are not involved as a subject of the appeal from the following list (not in any order and not limited to the following).:

- a knowledgeable Judge who is present but not competing,
- a knowledgeable Archery Canada Officer who is not competing.
- a knowledgeable Coach adding if necessary, impartial, knowledgeable competitors in a different category from the appellant.

AC 3.13.1.2

For the Canadian Regional Indoor Championship, the Jury of Appeal will consist of the Archery Canada President or designate, the chairperson of the Archery Canada Judge committee or designate and the Vice-President Archery Canada or designate.

AC 3.13.3.2

The written appeal shall be lodged by Provincial Team Captains (or appellants if no Team Captain has been designated) with the Chairman of the Tournament Judge Commission:

- at target events, within 15 minutes of the end of the relevant round or match, whichever applies;
- at 3D and Field events, within 45 minutes of the end of the last scoring arrow being shot.

AC 3.13.3.2.1

for the Canadian Regional Indoor Championship, any athlete may make an appeal in writing to the Chairman of the Archery Canada Judge Committee regarding the scores, proceedings or Judge's decisions at any Host Site.

UNDER REVIEW Appeals must be received within one week of the posting of the results from the site involved on the Archery Canada web site Mail or e-mail submissions are acceptable.

The Chairman will review the appeal and within three (3) days of receiving the appeal, will either convene the three-member Jury of Appeal to consider the matter or advise the appellant that he does not consider the matter suitable for a Jury. In the latter case, the appellant has a further three (3) days to re-submit the appeal to the Chairman. The Chairman will within three days of receipt of the appeal, convene a Jury of Appeal who will rule on the appeal within three (3) days

Such appeals must be accompanied by the prescribed fee (see 3.13.4)

No appeals can be made against the value of an arrow.

AC 3.13.4.

AC note - The prescribed fee is currently \$20.00.

AC 3.13.6.1

In exceptional circumstances, members of the organizing committee or competitors in a different category from the appellant may be required to serve on the Jury.....

AC 3.13.7.1

The Chairman of the Jury of Appeal or his delegate must be available at the tournament grounds at all times during a Championship, trials or other major event, including official practice, until:

- at target events, 30 minutes after the end of the shooting day;
- at 3D and Field events, 60 minutes after the end of the last scoring arrow being shot.

3.14. Scorers

3.14.1.

There shall be scorers in sufficient numbers to ensure that each target in a Championship has a scorer.

3.14.1.1.

These scorers can be athletes when there is more than one athlete per target. Scorers assigned by the organisers and who do not take part in the shooting, shall not become involved in any discussion regarding the value of an arrow. Two athletes from each group at Field Championships shall be designated as scorers.

3.14.1.2.

The scorers who are not athletes shall work under the supervision of one or more officials appointed by the organisers, who shall be responsible for the correct management of the scoring.

3.14.1.3.

One or more scoreboards, of sufficient size to show the target number, name, NOC code for Member Association and progressive score of at least the first eight in each event shall be maintained.

3.14.1.4.

In the case of electronic scoring, manual scorecards shall also be kept. The arrow values and information entered on the manual score cards are the official reference.

AC 3.14 Scorers

AC 3.14.1.3

Scoreboards may be required according to the hosting agreement or direction of the Technical Delegate.

3.15. Draw for Shooting Positions

3.15.1.

The organisers shall allocate to each athlete an athletes' number. These numbers shall be worn by the athletes and be shown in the programme to enable the spectators and others to recognise them.

3.15.1.1.

The athletes' number shall remain unchanged throughout the tournament (with the exception of [Article 3.15.1.5.](#)).

3.15.1.2.

The draw of allocation to targets or shooting groups and the respective athletes' numbers shall be arranged electronically and approved by the Technical Delegate. Women and Men, and when applicable, different divisions, shall be drawn separately. In Field and 3D Championships, athletes from the same nations are to be separated by at least one group whereas in other championships athletes from the same team may all be placed on adjoining targets or shooting groups.

3.15.1.3.

Substitution of an athlete shall be allowed until the day before official practice.

3.15.1.4.

Team officials and athletes may attend the draw but shall not have the right to speak.

3.15.1.5.

For Olympic Games and World Archery Championships: At the end of the Ranking or Qualification Round the athletes shall be given athletes' numbers depending on the position they have gained in the Qualification/Ranking Round: 1 – 64 (32, 104) for Individuals. These athletes' numbers are to be worn up to the end of the competition.

AC 3.15. Draw for Shooting Positions and Athlete Numbers

AC 3.15.1.2

WA rules also apply; however,

In Field and 3D Championships, groups with more than one athlete from the same Club or Province shall have at least one member of the group from another Club or Province who shall be one of the scorers.

3.16. Repositioning on Targets

3.16.1.

At Championships, athletes shall be repositioned as follows:

3.16.1.1.

For the Qualification Round, Judges may alter the target assignment so that there shall be no more than one athlete from the same Member Association on one target. Under no circumstances shall more than two athletes from the same Member Association be assigned to a target.

3.16.1.2.

In Target Archery Championships the athletes shall be seeded into the match play chart (see [Appendix 3-Match Play Charts](#)) according to the position reached in the Qualification Round.

3.16.1.3.

At Field Archery Championships, after the first day of the Qualification Round and after each subsequent round, according to the position reached in the previous round. The organisers shall take care that there shall be no more than one athlete from the same Member Association in the same shooting group. However, if this is not possible, under no circumstances shall more than two athletes from the same Member Association be assigned to a target with the exception of the Finals Rounds (semi finals and finals).

3.16.1.4.

In 3D Archery the repositioning shall take place after the first Qualification Round and after each subsequent round (until the semi-finals) according to the position reached in the previous round and the principles set forth in [Article 3.16.1.3.](#)

AC 3.16. Repositioning on Targets

AC 3.16.1

In general, WA rule also apply; however,

when athletes are repositioned on target assignments, whether on the basis of ranking from previous rounds or as otherwise required, groups with more than one athlete from the same Club or Province shall have at least one member of the group from another Club or

Province who shall be one of the scorers.

3.17. Equipment Inspection

3.17.1.

On the day before the first day of competition, the organisers shall arrange, on or near the practice field, for the inspection by the Judges of all the equipment including spares and accessories that each athlete intends to use during the competition of World Championships, Olympic Games, other Games and other Major International Events.

3.17.1.1.

Teams shall be called in alphabetical order and all athletes shall be accompanied by their Team Manager.

3.17.1.2.

Judges may request equipment to be modified or changed if found to contravene the equipment rules.

AC 3.17 Equipment Inspection

AC 3.17.1

Also applies to all Archery Canada Championship and other AC registered events.

AC 3.17.2

Equipment inspection is mandatory for Archery Canada championships, trials, other major events and other Archery Canada registered events. It may be scheduled during a practice day and/or the day of the competition if there is no practice day.

AC 3.17.2.1

Inspection of athlete's equipment may, but need not be repeated for subsequent events on subsequent days (e.g. having inspected for Field Championship, inspection is not necessary for a following Outdoor Target or 3D Championship).

AC 3.17.2.2

Additional inspection of athlete's equipment may be conducted at any time during or after competition.

3.18. Championship Tournaments

3.18.1.

The format for the World Archery Championships and World Archery Youth Championships shall be:

- for the Recurve Division, a Qualification Round consisting of a 70m (60m for cadets) Round followed by an Olympic Round and;
- for the Compound Division, a Qualification Round consisting of a 50m Compound Round followed by the Compound Match Round.

3.18.2.

The format for the World Archery Indoor Championships shall be a Qualification Round consisting of the 18m Round followed by an Indoor Match Round.

3.18.3.

The format for the World Archery Field Championships shall be a World Archery Field Championship Round.

3.18.4.

The format for the World Archery 3D Championships shall be a 3D Championship Round.

3.18.5.

Archery competitions may be shot at night time provided suitable lighting conditions can be supplied and athletes can practise under such conditions.

3.18.6.

The President may adjust the schedule of Championships or Games to accommodate any reasonable requirement of TV broadcasters. Such an adjustment is to be made with the co-operation of the organisers. Any adjustment shall take into account, as a priority, the interests of the athletes who shall be informed of changes as soon as possible.

AC 3.18. Canadian Championships and Major Tournaments

AC 3.18.7.0

Canadian Championships shall not be held simultaneously with any other championship or tournament, except:

AC 3.18.7.0.1

the Outdoor Target Championship and the Field Championship may be organized together such that there is a common schedule, but in no circumstances can the competition for any category be divided.

4.2.2.

Separate events for Cadet and Junior Women, Cadet and Junior Men, Master Women and Men can be organised in the disciplines of Target and Field Archery.

4.2.2.1.

At each competition an athlete can compete in one class only. This applies to all classes for which he is eligible.

4.2.3.

An athlete may participate in a Cadet Class in tournaments when the competition takes place up to and in the year of his 17th birthday.

4.2.4.

An athlete may participate in a Junior Class in tournaments when the competition takes place up to and in the year of his 20th birthday.

4.2.5.

An athlete may participate in a Master Class in tournaments when the competition takes place in the year of his 50th birthday and thereafter.

AC 4.2. Classes

AC note – The terms Senior Women and Senior Men is commonly used synonymous with Women and Men.

AC 4.2.0

References to gender classes of athletes are specific to each gender and may not be taken to include the other gender.

AC 4.2.1

In addition to WA Classes, Archery Canada also recognizes the following classes:

- PeeWee Women
- PeeWee Men
- Pre-Cub Women
- Pre-Cub Men
- Cub Women
- Cub Men
- Master60 Women * #
- Master60 Men * #

* Master60 are recognized for awards in 3D competitions only

Master60 are recognized in target archery for open records only

AC 4.2.1.1

Para-archers Archery Canada recognises six Para-archery disability classes:

Four are classified by World Archery Classifiers based on physical ability:

- W1 (most severely impaired group)
- W2 (Wheelchair)
- ST (Standing)
- NE (Non-Eligible for para-archery competition) (may be permitted assistive devices)

Two are classified by IBSA Classifiers.

- B1 (Visually Impaired)
- B2/B3 Combined (Visually Impaired)

In addition an open class is recognized

- Open – any disability level above.

(Refer to the Classifier's Handbook for information on the details of Classification).

AC 4.2.1.2

Para-classification groups relate to the competitive Para-Archery Sport Classes

W1 Open (open equipment as per rules AC 11.2.6 (ref. WA 21.4.4))

- Men
- Women

Compound Open (open para-classification)

- Men
- Women

Recurve Open (open para-classification)

- Men
- Women

Visually Impaired (VI)

There are two common VI archery divisions:

- VI 1 athletes wear a blindfold and
- VI 2/3 who do not wear blindfolds

AC 4.2.2.

In addition, in Canada, separate events for all World Archery classes and also for PeeWee, Pre-Cub, Cub, Masters, Women and Men can be organized in the disciplines of Target, Field and 3D Archery; and Master 60 in the discipline of Canadian 3D.

Age Classes in addition

AC 4.2.6.

An athlete may participate in a PeeWee Class in tournaments when the competition takes place up to and in the year of his 9th birthday.

An athlete may participate in a Pre-Cub Class in tournaments when the competition takes place up to and in the year of his 12th birthday.

AC 4.2.8.

An athlete may participate in a Cub Class in tournaments when the competition takes place up to and in the year of his 14th birthday.

AC 4.2.9.

An athlete may participate in a Master 60 Class in tournaments when the competition takes place in the year of his 60th birthday and thereafter.

4.3. Divisions

4.3.1.

Athletes using different types of bows are grouped in separate divisions and compete in separate events. World Archery recognises the following divisions:

4.3.2.

For Target Archery (see [Book 3- Target Archery in Book 3](#)):

- Recurve Division;
- Compound Division;
- Standard Bow Division (for Standard Round only).

4.3.3.

For Field Archery (see [Book 4-Field and 3D Archery in Book 4](#)): For championships:

- Recurve Division;
- Compound Division;
- Barebow Division.

4.3.4.

For Clout Archery (see [32.4. The Clout Round in](#)):

- Recurve Division;
- Compound Division.

4.3.5.

For Flight Archery (see [32.5. Flight Shooting in](#)):

- Target Recurve Bow;
- Conventional Flight Bow;
- American Longbow;
- English Longbow;
- Compound Flight Bow;
- Compound Target Bow;
- Foot Bow.

4.3.6.

For Para-Archery (see [21. Chapter 21-Para-Archery in Book 3](#)):

- Recurve Division;
- Compound Division.

4.3.7.

For 3D Archery (see [Book 4-Field and 3D Archery in Book 4](#)):

- Compound Division;
- Barebow Division;
- Longbow Division;
- Instinctive Bow Division.

4.3.8.

Athletes may compete in different divisions of the same tournament but under no circumstances may the programme of the tournament be modified or be held up to accommodate that athlete.

AC 4.3. Divisions effective 01 January 2015

Archery Canada recognizes the following divisions:

NOTE: Divisions in (parentheses) are recognized as developmental divisions and are not intended for Championship tournaments for the

indicated disciplines (Under Review)

AC 4.3.2

for Target Archery:

Recurve Division	Compound Unlimited Division
Barebow Division	Compound Fixed Pins Division
Compound Division	(Hunter Division)
Para-archery W1 Open Division	

AC 4.3.3

for Field Archery:

Recurve Division	Compound Unlimited Division
Barebow Division	Compound Fixed Pins Division
Compound Division	(Hunter Division)

4.5. Rounds

4.5.1. Outdoor Archery Rounds

4.5.1.1.

In the Olympic Games only the Recurve Division may compete.

4.5.1.2.

The Elimination and Final Rounds consist of:

- The Elimination Round, in which the top 104 athletes (mandatory for World Archery Championships) are seeded according to their positions in the Qualifying Round(see [Appendix 3-Match Play Charts](#)). They shoot a series of matches in groups, each match consisting of the best of five sets of three arrows for recurve and five ends of three arrows for compound.

- The Finals Round, in which the eight athletes remaining from the Elimination round shoot individual matches, each match consisting of the best of five sets of three arrows for recurve and five ends of three arrows for compound, culminating in the gold Medal match. At World Archery Championships the matches shall be shot one after the other. The athletes shall shoot alternately one arrow at a time.
- The Team Elimination Round, in which the top 24 teams (16 in the Olympic Games) of three athletes seeded according to their positions as determined by their total score in the Qualification Round (see [Appendix 3-Match Play Charts, 8. Match Play Chart 5 \(24 teams, byes are permitted\)](#)) shoot simultaneously a series of matches, each match for recurve consisting of the best of four sets of six arrows (two per athlete) and for compound consisting of four ends of six arrows (two per athlete) in cumulative score;
- The Team Finals Round, in which the four teams qualifying from the Elimination Round shoot a series of matches, each match for recurve consisting of the best of four sets of six arrows (two per athlete) and for compound consisting of four ends of six arrows (two per athlete) in cumulative score culminating in the Team Gold Medal match. In the Olympic Games, the Medal matches of the World Archery Championships and Archery World Cup Events, the teams shoot alternately in three arrow segments.

For other events alternating shooting is optional. The timing is started and stopped when the athlete crosses the 1m line;

- The Mixed Team Round in which the top 24 teams (16 in the Olympic Games) composed of the top ranked man and the top ranked woman from the same Member Association are seeded according to their positions as determined by their total score in the Qualification Round (see [Appendix 3-Match Play Charts, 8. Match Play Chart 5 \(24 teams, byes are permitted\)](#)), shoot simultaneously a series of matches, each match for recurve consisting of the best of four sets of four arrows (two per athlete) and for compound consisting of four ends of four arrows (two per athlete) in cumulative score;
- The format may be amended to fit special stadiums and locations that are very attractive for archery. It is necessary to notify Member Associations at least one year in advance of the event;
- For Recurve the round will be called the Olympic Round and shall be shot at 70m (60m for Cadets and Masters) on 122cm target faces, whereas for compound it will be called the Compound Match Round and shall be shot at 50m on an 80cm six ring target face.
- A team shall consist of the highest ranked three (or two if a Mixed Team) athletes from the Qualification Round unless the Team Manager notifies the Director of Shooting or the Chairman of Judges in writing at least one hour before the start of that round of competition of a substitution of another athlete who competed in the Qualification Round. A violation of the foregoing will result in disqualification of the team. In case of substitution medals shall only be awarded to the athletes that shot the Team round, not the qualification round.

4.5.1.3.

The 50m Round for Compound consists of 72 arrows on the 80cm target face.

4.5.1.4.

The 60m Round (for Recurve) for Cadets and Masters consists of 72 arrows shot at 60m on the 122cm target face.

4.5.1.5.

The 70m Round (for Recurve) consists of 72 arrows shot at 70m on the 122cm target face.

4.5.1.6.

The Visually Impaired Round is defined in [21. Chapter 21-Para-Archery in Book 3](#).

4.5.2. Indoor Archery Rounds

4.5.2.1.

The 18m Round consists of 60 arrows on the 40cm target face or the 40cm triple face.

4.5.2.2.

The Match Round is shot on the 40cm triple face at 18m and consists of:

4.5.2.2.1.

- The Recurve Elimination Round, in which 32 athletes are seeded according to their positions in the Qualification Round (see [Appendix 3-Match Play Charts, 4. Match Play Chart 3 \(32 athletes, byes are permitted\)](#)). They shoot a series of matches in groups, each match consisting of the best of five sets of three arrows;
- The Recurve Finals Round, in which the eight athletes qualifying from the Elimination Round shoot a series of individual matches, each match consisting of the best of five sets of three arrows, culminating in the Gold Medal match. The athletes shall shoot alternately one arrow at a time;
- The Recurve Team Elimination Round, in which the top 16 teams of three athletes seeded according to their positions as determined by their total scores in the Qualification Round (see [Appendix 3-Match Play Charts, 5. Match Play Chart 4 \(16 athletes / teams, byes are permitted\)](#)), shoot simultaneously a series of matches, each Match consisting of the best of four sets of six arrows (two per athlete);
- The Recurve Team Finals Round, in which the four teams remaining from the Elimination Round shoot a series of individual matches, each Match consisting of the best of four sets of six arrows (two per athlete), culminating in the Team Gold Medal match.

4.5.2.2.2.

- The Compound Elimination Round, in which 32 athletes are seeded according to their positions in the Qualification Round (see [Appendix 3-Match Play Charts, 4. Match Play Chart 3 \(32 athletes, byes are permitted\)](#)). They shoot a series of matches in groups, each match consisting of five ends with cumulative scoring.
- The Compound Finals Round, in which the eight athletes qualifying from the Elimination Round shoot a series of individual matches, each match consisting of five ends with cumulative scoring, culminating in the Gold Medal match. The athletes shall shoot alternately one arrow at a time;
- The Compound Team Elimination Round, in which the top 16 teams of three athletes seeded according to their positions as determined by their total scores in the Qualification Round (see [Appendix 3-Match Play Charts, 5. Match Play Chart 4 \(16 athletes / teams, byes are permitted\)](#)), shoot simultaneously a series of matches, each match consisting of four ends of six arrows (two per athlete);
- The Compound Team Finals Round, in which the four teams remaining from the Elimination Round shoot a series of individual matches, each match consisting of four ends of six arrows (two per athlete), culminating in the Team Gold Medal match.

4.5.2.3.

Vertical triple faces shall be mandatory for the World Archery Indoor Championships.

4.5.2.4.

The Visually Impaired Round is defined in [21.12. Visually Impaired Athletes in Book 3](#).

4.5.3. Field Archery Rounds

4.5.3.1.

The Field Round consists of 24 targets. Three arrows are shot per target. These targets shall be laid out in a course considering the challenges in aiming and shooting as the tradition of the discipline requires. The distances for target butts are set out in [8.1.1.9. Unit for Unmarked Course](#) and [8.1.1.10. Unit for Marked Course](#). The course may be all marked or all unmarked or a combination of marked and unmarked distances. There may be any number of walk-ups or fan targets.

4.5.3.1.1.

A round may use the same course twice, except at World Championships.

4.5.3.2.

The Arrowhead Round consists of 24 or 48 targets which is two complete Field Rounds. The distances are set out in [8.1.1.9. Unit for Unmarked Course](#) and [8.1.1.10. Unit for Marked Course](#). The rounds may be shot on marked, unmarked or any combination of marked and unmarked targets.

4.5.3.3.

The World Archery Field Championship Round in which there are no walk-up or fan targets, consists of:

4.5.3.3.1.

The Qualification Round, two Field Rounds each of 24 targets, one unmarked course to be shot on the first day of competition and one marked to be shot on the second day of competition;

4.5.3.3.2.

The Elimination Round consists of the pool shoot-up process. Athletes ranked in position 1 and 2 will automatically take a place in the semi-final. Athletes 3-22 will form 4 pools of 5 athletes and shoot for the remaining 2 semi-final positions,

4.5.3.3.3.

The first match in each pool will be between the two lowest ranked archers in the pool. The archer with the highest score at the end of the six targets progresses to the next round. They will shoot against the next athlete in the pool.

4.5.3.3.4.

The winner of Pool A will shoot against the winner of Pool B and the winner of Pool C will shoot against the winner of Pool D for entry into the semi finals.

Pool A	Pool B	Pool C	Pool D
3	5	4	6
10	8	9	7
11	13	12	14
18	16	17	15
19	21	20	22

4.5.3.3.5.

Elimination matches will consist of 6 targets. All target faces should be available. (See notes from Field and 3D Committee on course laying for eliminations). Distances will be marked. Athletes will shoot simultaneously.

4.5.3.3.6.

If there are fewer than 22 athletes, all will progress to the elimination and pools will be filled with all the eligible athletes.

4.5.3.3.7.

The Finals Rounds in which the four top athletes shoot two matches (the semi-finals and the medal finals) consisting of four marked targets each, three arrows per target (see [Article 8.1.1.2.](#))

4.5.3.3.7.1.

In the semi-finals, the winner of pool AB (athlete AB) shoots against the athlete ranked 2, and the winner of pool CD (athlete CD) will shoot against athlete ranked number 1. The winners compete in the Gold Medal match and the others in the Bronze Medal match. In the semi-finals, if the athletes shoot in a group of four, the pair consisting of athletes AB and 2 shall shoot first and, the other pair shall shoot as the second pair at all targets. In the medal finals, the athletes competing in the Bronze Medal match shall shoot first at all targets, followed by the Gold Medal match.

4.5.3.3.7.2.

In the Finals Round the higher ranked athlete shall shoot from the left shooting position.

4.5.3.3.8.

The top eight teams will shoot quarter final matches of four targets.

4.5.3.3.9.

Targets will be laid to challenge the team, taking in to account the landscape available. At the first target the higher ranked team decides who shall start shooting. Thereafter, the team with the lower cumulative score will shoot first at the following target and, if the teams are tied, then the team which started the match will shoot first;

4.5.3.3.9.1.

They are seeded according to the positions as determined by the total scores (the three top scores) in the Qualification Round. The composition of the team shall be determined by the Team Manager. Each athlete shoots one arrow per target from the peg of his division (see match play). The winners of each match proceed to the Team Finals Round.

4.5.3.3.10.

The Team Finals Rounds consist of the four qualifying teams (semi-finals) in each class, consisting of one athlete from each division.

At the first target the higher ranked team decides who shall start shooting. Thereafter, the team with the lower cumulative score will shoot first at the following target and, if the teams are tied, then the team which started the match will shoot first;

4.5.3.3.10.1.

Each athlete shoots one arrow per target from the peg of his division. The winning teams move to the Gold Medal match and the other teams move to the Bronze Medal match (Medal Finals). Both Medal matches are shot on an additional four marked targets (see individual finals for shooting procedures).

4.5.3.4.

Finals Round

4.5.3.4.1.

In the Finals Round each class and division shall form a group that shall start in this order:

- Barebow Women;
- Barebow Men;
- Recurve Women;
- Recurve Men;
- Compound Women;
- Compound Men.

4.5.3.4.2.

The organisers decide whether the Finals Round are shot as one continuous round or whether there shall be a break between the semi-finals and the medal finals. The reorganisation of the groups shall take place after the fourth target. In case of a tie in the semi-finals, the tie should be decided on the fourth target before the reorganisation of the groups takes place. The organisers may allow the different categories to shoot on separate courses to speed up the competition.

4.5.4. Ski-Archery

4.5.4.1.

Ski-Archery combines cross-country skiing and archery (see [33. Chapter 33-Ski-Archery in Chapter 33](#)).

4.5.5. Flight

4.5.5.1.

See [32.5. Flight Shooting in](#) .

4.5.6. The 3D Rounds

4.5.6.1.

The 3D Round consists of 24 unmarked targets. Two arrows are shot per peg. These targets shall be laid out in a course considering the challenges in aiming and shooting as the tradition of the discipline requires. The distances for targets are set out in [Article 9.1.1.7.](#)

4.5.6.2.

The 3D World Archery Championship Round consists of a Qualification Round followed by an Elimination Round and the Finals Rounds for Individuals and the Elimination Round and the Finals Round for Teams.

4.5.6.2.1.

The Qualification Round consists of two 3D rounds of 24 unmarked targets.

4.5.6.2.2.

The Elimination Round consists of the pool shoot-up process. Athletes ranked in position 1 and 2 will automatically take a place in the semifinal. Athletes 3-22 will form four pools of five athletes and shoot for the remaining two semi-final positions.

4.5.6.2.3.

The first match in each pool will be between the two lowest ranked archers in the pool. The archer with the highest score at the end of the six targets progresses to the next round. They will shoot against the next athlete in the pool.

4.5.6.2.4.

The winner of Pool A will shoot against the winner of Pool B and the winner of Pool C will shoot against the winner of Pool D for entry into the semi-finals.

Pool A	Pool B	Pool C	Pool D
3	5	4	6
10	8	9	7
11	13	12	14
18	16	17	15
19	21	20	22

4.5.6.2.5.

Elimination matches will consist of 6 targets. (See notes from Field and 3D Committee on course laying for elimination). Distances will be unmarked. Athletes will shoot simultaneously.

4.5.6.2.6.

If there are fewer than 22 athletes all will progress to the elimination and pools will be filled with all the eligible athletes.

4.5.6.2.7.

The Finals Rounds in which the top four athletes per category qualifying from the Elimination Round shall shoot two matches (the semi-finals and the medal finals) consisting of four targets each.

4.5.6.2.7.1.

The semi-finals, the winner of pool AB (athlete AB) shoots against the athlete ranked 2 and the winner of pool CD (athlete CD) will shoot against athlete ranked number 1. The winners compete in the Gold Medal match and the others in the Bronze Medal match.

In the semi-finals, if the athletes shoot in a group of four, the pair consisting of athletes AB and 2 shall shoot first and, the other pair shall shoot as the second pair at all targets. In the medal finals, the athletes competing in the Bronze Medal match shall shoot first at all targets, followed by the Gold Medal match.

4.5.6.2.7.2.

In the Finals Round, the highest ranked athlete shall shoot from the left.

4.5.6.2.8.

The Team Elimination Round (quarter-finals) consists of the top eight teams in each class qualifying from the two Qualification Rounds shooting four targets each: A team shall be made up by one Compound athlete, one Longbow athlete and one athlete using either an Instinctive bow or a Barebow. The team ranking shall be based on the best athlete's results for each category after the second Qualification Round. (If both the Instinctive and the Barebow division are competing the higher result shall be taken for the ranking);

4.5.6.2.8.1.

The teams are seeded according to the team ranking as established on the basis of the individual ranking for each category after the second Qualification Round.

4.5.6.2.8.2.

At the first target the higher ranked team decides who shall start shooting. Thereafter, the team with the lower cumulative score will shoot first at the following target and, if the teams are tied, then the team which started the match will shoot first.

4.5.6.2.8.3.

Each athlete shoots one arrow per target from the peg of his division (see match play). The winners of each match proceed to the Team Finals Round.

4.5.6.2.9.

The Team Finals Rounds consist of the winning four teams from the Team Elimination Round. They shoot two matches of four targets each (semi-finals and Finals).

4.5.6.2.9.1.

First match: semi-finals: The higher placed team decides who shall start shooting at the first target. Thereafter, the team with the lower cumulative score will shoot first at the following target and, if the teams are tied, then the team which started the match will shoot first. Each athlete in the team shoots one arrow per target from the peg of his division; Second match: Medal Match: The winners move to the Gold Medal match and the others to the Bronze Medal match (Medal Finals). Both medal matches are shot on an additional four targets.

4.5.6.3.

Finals Rounds

4.5.6.3.1.

The athletes of the different categories shall start their Finals Rounds in the following order: Longbow women - Longbow men Instinctive bow women - Instinctive bowmen Barebow women - Barebow men Compound women - Compound men Or all women shall shoot first followed by all men.

AC 4.5.7.0 3D Rounds (Canadian)

AC 4.5.7.0.1

The Canadian Outdoor 3D Round typically consists of an event for individual archers consisting of rounds on one or two outdoor courses with between 20 and 25 3-dimensional animal targets on each course.

AC 4.5.7.0.2

The Canadian Outdoor 3D Championship Round consists of an event for individual archers consisting of rounds on three or 4 outdoor courses with varying number of 3-dimensional animal targets, typically totalling 80 targets. This is usually followed by the 3D Grand Prix event.

AC 4.5.7.0.3

The Canadian Indoor 3D Round typically consists of an event for individual archers consisting of rounds on one or two indoor ranges with between 20 and 25 3-dimensional animal targets on each range.

AC 4.5.7.0.4

The Canadian Indoor 3D Championship Round consists of an event for individual archers consisting of rounds on three or 4 indoor ranges with varying number of 3-dimensional animal targets, typically totalling 80 targets. This is usually followed by the 3D Grand Prix event.

AC note: A single course may be used if target distances are altered between rounds.

AC 4.5.7.0.5

The Canadian 3D Grand Prix event consists of sequential matches in which the top 8 archers from qualification 3D rounds shoot elimination matches on 3D targets until only the winning archer remains.

AC4.5.7.0.5.1

Participating archers are grouped in categories according to the stake at which they shoot:

- Outdoor 3D Nationals:
 - White Stake (Max 30)
 - Cadet Traditional
 - Junior Traditional
 - Master 50 Traditional
 - Instinctive
 - Longbow
 - Barebow
 - Green Stake (Max 40)
 - Cadet Compound Unlimited
 - Hunter
 - Master 60 Compound Unlimited
 - Red Stake (Max 50)
 - Junior Compound Unlimited
 - Compound Fixed Pins
 - Compound Unlimited
 - Master 50 Compound Unlimited

- Barebow
- Red Stake (Max 50)
 - Cadet Compound Unlimited
 - Junior Compound Unlimited
 - Hunter
 - Master 50 Compound Unlimited
 - Master 60 Compound Unlimited
 - Compound Fixed Pins
 - Compound Unlimited

Men and Women shoot in separate categories.

AC4.5.7.0.5.2

The elimination within each category proceeds:

The males and female categories shall be run concurrently to save time for each division.

Targets are arranged at varying distances throughout the range such that several targets may be designated and shot from each stake. Any target may be designated for shots by a group, but in no case will targets farther than the maximum distance from a stake be designated.

The archers in each category will be divided into two groups according to their ranking position. The archers ranked 1, 3, 6 and 8 initially shoot as one group and the archers ranked 2, 4, 5 and 7 shoot as another group. If there are four archers, they shoot as one group.

All the archers in each group shoot at the same designated target – not necessarily the same target or the same distance as used by the other group in the category. These targets must be different from the target/distance combinations previously shot by any of the archers in the category.

The shooting order in the groups shall be determined in the following manner:

- Two (2) groups of four (4) archers will be created for each shooting stake
 - (1,3,6,8)
 - (2,4,5,7)
- The groups will be as follows for each shooting stake.
 - 1. (4 male) (4 male) (4 female) (4 female)
 - 2. (3 male) (3 male) (3 female) (3 female)
 - 3. (4 male) (4 female) ***Groups Combine***
 - 4. (3 male) (3 female)
 - 5. (2 male) (2 female)
- The order of shooting for each target shall start with the lowest ranked archer and proceed to the highest ranked. The order will not rotate.

If someone from the top eight (8) does not intend on participating in the Grand Prix, the Host Committee shall move down the results list to the next eligible archer until eight (8) archers are found. If they are unable to find eight (8) archers to participate, the first group of three (3) shall be the group containing the number one ranked archer entering the Grand Prix.

Arrows are scored after all shooters in the group have shot their arrows.

The furthest arrow from the center of the 11 ring will be eliminated after each target and will be measured by the judges. Archers will not be allowed past the shooting line once the event starts and judges will pull all the arrows.

Any archer missing the target is eliminated. If all archers miss a target a new target will be selected by the DoS and all the archers will re-shoot the target, who missed the previous target.

The last remaining archer is the Grand Prix Winner for that category

4.6. Events and Tournaments

4.6.1.

An event is a competition for which a separate list of results and separate set of prizes or titles can be given.

4.6.2.

4.8. Official Recognition of Tournaments

4.8.1.

World Archery gives official recognition to tournaments for one or more of the following purposes:

- Competition for World titles (World Championships);
- Competition for Olympic titles (Olympic Archery Tournament);
- Competition for Paralympic titles (Paralympic Archery Tournament);
- Competition for World Ranking;
- Competition for Performance Awards and World Records;
- Competition for the gaining of Olympic and Paralympic qualification.

4.8.2.

Requirements for the official recognition of tournaments.

4.8.2.1.

In order to obtain official recognition, tournaments shall conform to the standards of organisation set out in the appropriate articles in respect of:

- Registration;
- Announcement or invitations;
- Participation of athletes from other Member Associations;
- Order of shooting (target/group list);
- Judging;
- Publication of results.

4.8.2.2.

Member Associations, wishing to obtain official recognition for a tournament shall announce it to the Secretary General seven days before the start of the competition including:

- The name and place of the tournament;
- The events it includes;
- Whether or not the tournament is open to teams or individual members of other Member Associations.

4.8.2.3.

Provide a Director of Shooting and Judges and, in the case of international tournaments, a Jury of Appeal of three members; all Judges shall be approved by their Member Association or by World Archery.

4.8.2.4.

Changes in the information requested under [Article 4.8.2.2.](#) can only be accepted by the Secretary General if announced at least seven days before the first day of shooting.

AC 4.8 Official Recognition of Archery Canada Tournaments

AC 4.8.1

Archery Canada gives official recognition to tournaments for the following purposes:

- Competition for Championship Titles;
- Competition for Performance Awards and Canadian Records;
- Competition for ranking and qualification and gaining position on Canadian Teams.

AC 4.8.3

Requirements for the official recognition of tournaments by Archery Canada.

AC 4.8.3.1

Tournaments must be organized and officiated in accordance with the provisions of the Archery Canada Rulebook.

AC 4.8.3.2

An event must be registered with the Archery Canada at least 7 days in advance of the tournament start date. An event is not considered registered until the registration fee for the event is received by the Archery Canada.

AC 4.8.3.3

Organizers must be able to accommodate a minimum of three (3) athletes and up to at least ten (10) athletes.

- If an event only has three (3) participants, if it is perceived that one or more of the participating athletes is unlikely to finish the event, the event should be cancelled immediately
- During an event with only three (3) participants, if an athlete must withdraw before the end of the event due to unforeseen circumstances, resulting with fewer than 3 athletes participating, then:

- The judge or DoS must explain, in writing, the circumstances in a tournament report.
- the score of all participants must be reported and all scorecards held or submitted, following regular guidelines.

AC 4.8.3.4

The event must be officiated by a certified Provincial (or higher) Judge.

AC 4.8.3.5

A round held in Canada that is registered with World Archery is automatically registered with Archery Canada.

[AC note: some rounds recognized in Canada, such as the Canadian 300 Round, are Archery Canada rounds that cannot be registered and records are not kept for this round.]

AC 4.8.3.6

The results of events registered with Archery Canada will be recognized only if at least three athletes participate.

AC 4.8.3.7

Where the organizers of an event wish to allow flexibility in how athletes may register for sanctioned events by scheduling the shooting of long and short distances over two or more days, the following principle will apply:

AC 4.8.3.7.1

The number of events to be registered for a tournament is equal to the maximum number of event scores it is possible for a single athlete to attain in the event, given that no distance score may be counted in more than one event.

- Team Para Compound Open

AC 5.3.1.5

For Field Archery, records will be kept for all Archery Canada competition categories (except Peewee & Hunter) for:

- Individual Field Archery Round - marked course (24 targets - 72 arrows).

AC 5.3.2

In all disciplines, a round total record may be claimed in an age class for which the athlete would be eligible, regardless of which age class in which the athlete actually registered, provided that all distances are the same for each class.

Distance records in Outdoor Target rounds may be shot in any round of the same kind. For example, a Cub athlete shooting as a Cadet could claim a Cub, Cadet and/or Junior 1440 Round 30m record, provided it was shot in a 1440 Round, but he could not claim the Cub or Junior 1440 Round total record because the distances differ.

[AC Note: World Archery does not allow World Records for a round or for a distance unless the score is shot in a 1440 Round with all the same distances being shot as are shot by the age class the for which record is being claimed. For example, a Cadet could NOT claim a 30m record if it was shot in a 1440 Round for Juniors]

AC 5.3.3

In the event that Archery Canada changes rules governing divisions, classes or rounds (including scoring procedure or target size):

AC 5.3.3.1

records may be carried forward to the new division, class or round provided the new rules do not make attaining a record score easier as determined by a majority vote of the AC Board of Directors;

AC 5.3.3.2

in the case that records are retired; they will be archived and displayed on the Archery Canada web site separately from current records.

AC 5.3.4

Master 60 Canadian records are recorded only in the disciplines of Target Archery and Field Archery for athletes who are 60 or older on December 31 of the year in which a score is shot.

AC 5.3.4.1

In the disciplines of Target Archery and Field Archery, a Master 60 athlete may claim an Open Master 60 (Men or Women) record in a round eligible for Archery Canada records listed above.

AC 5.3.4.1.1

An athlete over 60 years of age must register for an Archery Canada target or field tournament in one of the competition classes - i.e. Senior or Master.

AC 5.3.4.1.2

No Canadian Championship (CC) records are kept for this age class.

AC 5.3.4.2

In the disciplines of 3D Archery, Master 60 is a competitive category. No records are kept in 3D Archery. Medals are awarded for the Master 60 class only in the discipline of 3D Archery.

5.4. World Record Tournaments

5.4.1.

The following tournaments are considered automatically as World Record Tournaments:

- Olympic and Paralympic Games;
- World Championships;
- World Ranking Tournaments.

All other tournaments are not automatically considered as World Record tournaments and need to comply with all the requirements as specified in [Article 4.8.2.](#) and [Article 5.5.1.](#).

5.4.2.

All Target Archery tournaments complying with [Article 4.8.2.](#) shall also be valid for recognition of World Records as defined in [5.2. World Records - Definition.](#)

5.4.3.

Team World Records may be established at an event at which there is competition between at least three teams from different countries.

AC 5.4 Canadian Record Tournaments

AC 5.4.1

The following tournaments are considered automatically as Canadian Record Tournaments

 - FTAQ Championship

AC 5.4.2

All tournaments for the disciplines of Outdoor Target, Indoor Target, and Field Archery which are recognized by Archery Canada and are registered with World Archery or with Archery Canada will be valid for recognition of Canadian Records, provided:

- they are officiated by Judges approved by Archery Canada or by another Member Association of World Archery and
- they are run consistent with Archery Canada rules.

AC 5.4.4

Special approval from the Archery Canada Board of Directors may be obtained in advance for scores shot at certain Canadian events which are not listed in Rule 4.5 to count for Canadian records.

For example matches shot at a Round Robin style event may qualify for records if so approved.

UNDER REVIEW Application must be made in writing to the Archery Canada Executive Director at least 30 days in advance of the event .

5.5. Confirmation of World Records

5.5.1.

World Records shot at Olympic and Paralympic Games, World Championships and World Ranking Events are confirmed automatically as soon as the scores are official. Records shot at other tournaments complying with [Article 4.8.2.](#) are subject to confirmation by the Secretary General.

5.5.1.1.

Scores shot at other tournaments shall be sent to the Secretary General no later than 10 days after the tournament. Anyone can claim a record. A claim shall be accompanied by the declaration of the Member Association under the control of which the tournament was organised, including:

- The name, description, place and date of the tournament;
- Confirmation that the tournament was shot under World Archery Rules;
- Confirmation that the athlete(s) was a member of a Member Association at the time;
- Name, nationality and category of the athlete(s);
- A complete results list;
- Details of the record claimed, and supported by the original scorecard or a properly witnessed copy;

- Details of the international classification in case a para-athlete claims a World Record or a Para-Archery World Record.

5.5.1.2.

The Secretary General shall review a claim for a World Record upon its receipt.

5.5.1.3.

Should a World Record be broken by two or more equal scores made on the same day, the athletes shall be declared joint World Record holders.

For Mixed Team 70m Round. If two athletes of the same gender shoot the same score, the athlete having a higher number of 10's and/or X's will be the record holder. In case the two have the same number of 10's and X's they will be joint record holder with the athlete from the other gender.

5.5.1.4.

World Record holders shall be presented with a diploma stating the result and the place of the record.

AC 5.5 Confirmation of Canadian Records – Procedures

AC 5.5.1

Canadian records will be subject to confirmation by the AC Records Coordinator.

AC 5.5.2

Claims for records must be submitted to the AC Records Coordinator within 30 days after the tournament in question. A claim for a record shall contain:

- Athlete's name and AC registrant number;
- Athlete's year of birth;
- Athlete's mailing address;
- Athlete's shooting discipline and category (division, gender, age);
- Specification of the record being claimed (distance(s) and/or total);
- Name, description, place and date of the tournament;
- Name of a Judge at the tournament;
- Copy of the original scorecard, signed by the athlete and by the person who completed the scorecard, or by the second scorer if the athlete claiming the record was the scorer. The name of the witness or second scorer should be printed legibly on the card or in the record claim.

AC 5.5.3

Records may be granted up to 180 days following a tournament if substantiating evidence is provided in addition to the above information. Such evidence will take the form of a signed statement attesting to the record from a Judge who officiated at the tournament or from the tournament organizer who verifies the record from a copy of the scorecard collected at the tournament.

[AC note: World Archery allows 10 days for a World Record application and the application must be made through Archery Canada.]

AC 5.5.4

The Records Coordinator will ratify a claim for a Canadian record immediately upon its receipt. The Records Coordinator will maintain a record book with a copy of the scorecard and record claim.

AC 5.5.5

See AC 5.2.2 regarding records of perfect scores.

AC 5.5.6

Individual Canadian Record Holders will be mailed a letter of confirmation stating the date, place and specifying the record score(s). The President of Archery Canada or his delegate will sign the letter.

AC 5.5.7

If an athlete is refused a record, he may apply to the AC Records Coordinator to have the record claim reviewed by an Appeal Board. Upon receipt of such application, the Records Coordinator will immediately notify the AC President who will convene an Appeal Board consisting of the President and two members of the Executive, Board of Directors or Committee Chairpersons. The Appeal Board will review the record claim and decide the issue by majority vote within 30 days of receiving the application.

AC 5.5.8

Any Archery Canada registrant may challenge a record that has been granted within 60 days of its being posted on the AC web site. A challenge must clearly identify the record in question and the grounds for the challenge and should include any supporting documentation. Upon receipt of such challenge, the Records Coordinator will immediately notify the AC President who will convene an Appeal Board consistent with AC 5.5.7.

5.6. Olympic Records

5.6.1.

There shall be Olympic Records for:

5.6.1.1.

Individual: Women and Men:

- 70m Round (72 arrows);

5.6.1.2.

Teams: Women and Men:

- 70m Round (3 x 72 arrows).

5.7. Confirmation of Olympic Records

5.7.1.

Olympic Records are confirmed automatically as soon as the scores are official.

AC 5.8 Eligibility for Canadian Records

AC 5.8.1

An athlete may only set a record in the equipment division he registered in before the tournament begins.

AC 5.8.2

An athlete may be granted a Canadian record for a score in a given tournament for any age class in which he was eligible to register, (regardless of the age class in which he actually registered) provided that the distances and target sizes for the age class(es) in which the record is being claimed are identical to the distances and target sizes actually shot for the record score in question.

AC 5.8.3

A record may be claimed only by, or on behalf of, an athlete who at the time of the tournament in question was a registrant in good standing of Archery Canada and was a citizen, landed immigrant or resident of Canada.

AC 5.9 Publication of Canadian Records

AC 5.9.1

Archery Canada records will be published on the Archery Canada website following notification by the AC Records Coordinator of any new record.

6.3.4.4.

The Green and Brown Arrowhead may be obtained by the Cadets on their specific rounds. Juniors can obtain all Arrowheads since they shoot the same distances as the Men and Women.

AC 6.3 Performance Awards

AC 6.3.0

World Archery performance awards may be granted to qualifying Canadian registrants upon application.

- WA Star awards are provided through a standing program of Archery Canada.
- Other performance awards may be acquired on a case basis by application to the Archery Canada office.

6.4. Events for Performance Awards

6.4.1.

The Star Awards can be gained on the scores obtained in a 1440 Round or in either 1440 Round of a Double 1440 Round, when organised in accordance with [6.5. Applications for Awards](#).

6.4.2.

The performance awards can be gained at tournaments organised by Member Associations and recognised by World Archery (see [4.8. Official Recognition of Tournaments](#)) for which the Member Association shall pay a fee established by the Executive Board within the maximum amount established by Congress.

6.5. Applications for Awards

6.5.1.

Supplies of performance awards shall be sent to Member Associations in the numbers requested, except for the higher value performance awards.

6.5.1.1.

The higher value performance awards are:

- 1350 and 1400 Star Awards;
- Gold and Purple Target Awards; Gold and Silver Arrowhead badges.

6.5.2.

The Member Association shall be responsible for:

6.5.2.1.

Paying for such awards the price of which has been approved by the Executive Board.

6.5.2.2.

Recording the name or description, place and date of the tournament.

6.5.2.3.

Verifying that the tournament was shot according to World Archery Rules.

6.5.2.4.

Verifying that all athletes whose applications are submitted were affiliated to a Member Association at the time of the tournament.

6.5.2.5.

Verifying the correctness of the original scorecards or a properly witnessed copy that shall accompany each application.

6.5.3.

Applications for the higher awards shall be sent to the Secretary General on behalf of the applicants by their Member Associations.

6.5.3.1.

Applications shall:

- Indicate the name and class of the applicants;
- Indicate the names, places and dates of the tournaments;
- Provide a statement of compliance with Article 6.5.2.3. , Article 6.5.2.4. and Article 6.5.2.5. ;
- Be accompanied by the original scorecard or a properly witnessed copy and a complete results list.

6.5.3.2.

The Secretary General, if satisfied with the documentation received, shall forward the performance awards through the Member Association charging the fee established by the Executive Board and shall periodically publish lists.

AC 6.5. Applications for Awards - Canada

AC 6.5.1.

Supplies of only some performance awards are maintained by Archery Canada, including: o WA Star.

AC 6.5.2

Participants are responsible for the requirements of WA 6.5.2. An application is deemed to be a declaration that the requirements have been met and will be verified by Archery Canada.

AC 6.5.3

Registrants may apply for a performance award through application to Archery Canada designated coordinator (see AC website).

Chapter 7 Field of Play setup - Target Rounds

7.1. Field of Play Layout

7.1.1.

The field of play shall comply with the following provisions:

7.1.1.1.

The field of play shall be established with corners of 90 degree angles. Each distance shall be accurately measured from a point vertically beneath the gold of each target face to the shooting line. The tolerance for distances is at 90/70/60m $\pm 30\text{cm}$; at 50/40/30m $\pm 15\text{cm}$; at 25/18m $\pm 10\text{cm}$.

7.1.1.2.

A waiting line shall be marked at least 5m behind the shooting line outdoors and at least 3m indoors. A media line shall be marked one meter in front of the waiting line.

7.1.1.3.

Each target butt outdoors shall be set up at an angle of between 10 and 15 degrees from vertical and between 0 and 10 degrees indoors, but a line of target butts shall be set up all at the same angle.

7.1.1.4.

The height of the centres of the target faces in a line of target butts should look straight at all times.

7.1.1.5.

All athletes in a category shall be assigned to one field of play.

7.1.1.6.

Whenever possible three athletes per target shall be assigned. If the field of play does not permit this, four athletes shall be the maximum number per target butt.

7.1.1.7.

There shall be a mark on the shooting line directly opposite each target butt. There shall also be a number corresponding to that target butt between 1 and 2m in front of the shooting line. If two or more athletes are shooting at the same target butt at the same time, the shooting positions shall be marked on the shooting line. A minimum space of 80cm per athlete shall be guaranteed. Where athletes in wheelchairs are competing, additional space shall be necessary. ([Article 21.11.4. in Book 3](#))

7.1.1.8.

The field of play shall be divided into shooting lanes containing one to four butts. These lanes shall be marked by lines extending at right angles from the shooting line to the target line.

7.1.1.9.

A line parallel to the shooting line shall be marked 3m in front of the shooting line.

7.1.1.10.

Suitable barriers for the public shall be erected to keep spectators safe. Consideration should be given to any distractions caused to the athletes by movement of people, etc. behind the butts.

Outdoors these barriers shall be at least 20m away from the sides of the first and last target set at 90m. This distance may be reduced in a straight line to a minimum of 10m away from the ends at the shooting line. This shall maintain a margin of approximately 13m from the target line when the target butts are moved to 30m. The barriers shall be at least 10m behind the waiting line. The barriers shall be set at least 50m beyond the 90m target line. This shall create a safety zone increasing to 110m when target butts have been moved forward to 30m. The safety distance of 50m may be reduced if an adequate backstop, e.g. efficient netting, a bank or similar device, is erected (not a hedge or penetrable fence). The backstop shall be high enough to stop arrows which have just missed the top of the butt at 90m.

Indoors where the size of the hall dictates, suitable barriers shall be erected around the range to keep spectators back. These barriers shall be at least 10m from the ends of the target line and shall be at a minimum of 5m behind the waiting line. No spectators are allowed beyond the target line. Where the size of the hall does not require the erection of side barriers no spectators are allowed beyond the barrier situated behind the waiting line.

(see image 1: Range Layouts)

7.2. Venue Equipment and Scoring Zones

7.2.1.

Butts (buttresses)

The size of the front of the butt, whether round or square, shall be large enough to ensure that any arrow hitting the butt and just missing the outermost edge of the scoring zone remains in the butt. The arrows hitting shall remain embedded in the butt to allow proper scoring.

7.2.1.1.

Butts shall be firmly attached to supports, which shall be pegged securely in the ground to prevent them from being blown or pulled over. Any part of the butt or its support likely to damage an arrow shall be covered. Care is necessary, particularly when more than one target face is placed on the butt, that arrows passing through the butt are not damaged by the support. See (see image 2: Outdoor target butt set-up) for outdoor and (see image 3: Indoor target butt set-up) for indoor target butt drawing.

Image 2: Outdoor target butt set-up

Image 3: Indoor target butt set-up

7.2.1.2.

Each butt shall have a target number. These numbers shall be minimum 30cm tall (for Outdoor Rounds) and minimum 15cm (for Indoor Rounds). Target numbers shall be fixed above or below the centre of each target butt, so they are clear of the target face.

7.2.2. Target Faces

There are four outdoor target faces:

- The 122cm face, 122cm in diameter;
- The 80cm face, 80cm in diameter;
- The 80cm 6-ring face (for multiple set-up with score zones 5-10);
- The Academic Round Hit/miss face.

There are 10 indoor target faces:

- The 60cm diameter face;
- The 60cm triangular triple face;
- The 60cm vertical triple face; T
- The 40cm diameter face;
- The 40cm triangular triple face;
- The 40cm vertical triple face
- The 40cm-R triangular triple face;
- The 40cm-C triangular triple face;
- The 40cm-R vertical triple face;

Only target faces produced by a manufacturer licensed by World Archery shall be used at World Archery competitions.

7.2.2.1.

Description:

The 122cm, 80cm, 60cm and 40cm faces are divided into five concentric colour zones arranged from the centre outwards as follows: yellow (gold), red, light blue, black and white. Each colour is divided by a thin line into two zones of equal width thus making 10 scoring zones of equal width when measured from the centre of the gold:

- 6.1cm on the 122cm target face;
- 4cm on the 80cm target face;
- 3cm on the 60cm face;
- 2cm on the 40cm face.

The dividing lines shall be entirely within the higher scoring zone in each case. There are no dividing lines between light blue and black, nor between black and white. The line marking the outermost edge of the white shall be made entirely within the scoring zone. The width of the thin dividing line and the outermost line shall not exceed 2mm on the target faces. The centre of the target face shall be indicated by a small “+” (cross). The lines of the cross shall not exceed 1mm in width or 4mm in length. An inner 10 ring, (which is marked as an X on the scorecards) of 6.1cm in diameter for the 122cm target face and 4cm in diameter for the 80cm target face, is required to help determine ties in ranking. For indoor compound events the 10 ring is 3cm on the 60cm face and 2cm in diameter for the 40cm face.

- Outdoors the 80cm 6-ring face may be used at 50m, 40m and 30m. The rings have the same dimensions as the 80cm faces, but with the 4 to 1 scoring zones removed. The lowest scoring zone is the light blue 5.
- Indoors triple faces may be used as follows. (For the Indoor Match Round the 40cm triple face shall be used. R- and C-vertical triple faces are mandatory for the World Archery Indoor Championships). They have the same dimensions as the World Archery 60cm and 40cm faces respectively, but with the 5 to 1 scoring zones removed. The lowest scoring zone is therefore light blue 6. Each set consists of three small faces on a white background arranged symmetrically in a triangular pattern with the centres respectively bottom left, at the top, and at the bottom right, or in a vertical row. The centres of the golds shall be approximately 32cm distant from each other on 60cm faces and 22cm distant from each other on 40cm faces. There is a distinction between regular triple faces and Recurve (R) and Compound (C) 40cm triple faces. The 40cm triple face (both triangular and vertical) will differ in the size of the 10 ring: the 40cm-R has a 40mm 10 ring, the 40cm-C has a 20mm 10 ring and the combined triple face has the two 10-rings.

AC 7.2.2.1

Target Description and use

also ... Outdoor 1440 Round - the 80 cm 6-ring face as well as the full 80cm face may be used at 30m, 25m and 20m (short distances) for Cubs and Pre-Cubs.

also ... Outdoor 1440 Round - the 80 cm 5-ring face or 6-ring face as well as the full 80cm face may be used at 25m and 20m (shortest distances) for Cubs and Pre-Cubs.

also ... Indoor 18m Round - the 40 cm triple face as well as the full 40cm face may be used at 18m, and the 60cm triple face as well as the full 60cm face may be used for Cub Recurve and Barebow and all Pre-Cub categories. also ... Indoor Match Rounds - other than World Archery events, the 40cm triple or full faces (and the 60cm triple or full faces for Cub Recurve & Barebow and all Pre-Cubs) may be used.

For the Compound Division only the inner 10-ring shall score 10, the rest of the yellow scoring zone shall score 9, provided that the Compound W1 Division, with athletes using recurve sights, will use the recurve 4cm 10-ring

Target face, see drawing (see image 4: 1-10 Scoring Zones Target Face).

AC 7.2.2.3

re: Indoor target scoring

For all Categories shooting the compound bow divisions (except para-compound W1 division) in Canada....

For the indoor 18m and 25m Rounds:

- the Compound target face will be used; OR
- if the combined target face is used
- only the inner Compound 10-ring shall score 10, the rest of the yellow scoring zone shall score 9; This includes
 - all Age Classes
 - Compound Division
 - Compound Unlimited Division
 - Compound Fixed Pins Division
 - (Hunter Division)

For the Para-Compound W1 Division, with athletes using recurve sights....

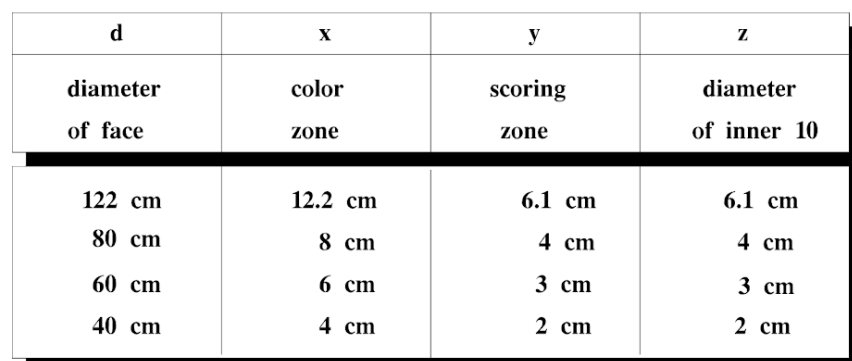

For the indoor 18m and 25m Rounds:

- the Recurve target face will be used; OR
- if the combined target face is used the outer Recurve 10-ring shall score 10, the rest of the yellow scoring zone shall score 9;

For the indoor Canadian 300 Round:

- For all categories the combined target face must be used:
 - the inner 10 ring shall score “X” with value 10;

- See image 5: 1-10 Scoring Zones Target Face).

7.2.2.4.1.

7.2.2.4.2.

7.2.2.4.3.

65

7.2.2.4.4.

The colour for the miss-zone is red (Pantone 032U).

7.2.2.5.

Material of target faces:

Target faces may be made of paper or any other suitable material. All faces used for the same competition category shall be uniform in colour and of the same material.

7.2.3.

Size of target face at different distances and target set-up outdoors.

The 122cm target face shall be used for the distances of 90, 70, 60m (and 50m for Cadet and Master Women). The 80cm target face shall be used for distances of 50, 40, 30m, except for the Standard Bow Round.

7.2.3.1.

The centre of the target face shall be 130cm above the ground as measured from ground level. The tolerance of measurement shall not exceed ± 5 cm.

7.2.3.2.

When using a triangular multiple-centre face (5 or 6-ring) set-up at 50m, 40m and 30m or the four-centre face setup the maximum distance above the ground of the centre of the upper face(s) shall be 172cm and the minimum distance above the ground of the centre of the lower faces shall be 90cm. The minimum distance between the scoring zones of two faces at the same height shall be 2cm.

7.2.3.3.

When using a three centre face (5-ring) horizontal set-up at 30m, the centres of the faces shall be at 130cm (± 5 cm) above the ground. The minimum distance between the scoring zones shall be 2cm.

7.2.3.4.

Setup of target faces for Compound Match Play:

- 80cm 6-ring target faces shall be placed on the target as follows:
- For the Eliminations Round (no alternating shooting) one face shall be placed horizontally on the left side of the centre (three arrows to be shot by the left athlete) and one on the right side of the centre (three arrows to be shot by the right athlete);
- For the Finals (alternating shooting) one face shall be placed on each target;
- For the Team and Mixed Team, each team shall have one target with two faces set up horizontally on the target, one face for three arrows (Team) or two arrows (Mixed Team) (see (see image 5: 2 x 5-10 Scoring Zones Target Face)). Athletes on a team may elect which face to shoot provided that each face has either three arrows (Team) or two arrows (Mixed Team).
- For the Team and Mixed Team the shoot-off will be shot on a single target face.

AC 7.2.3

7.2.4.

Size of target face at different distances and target set-up indoors. For indoor shooting at 25m, the target face of 60cm shall be used. For the distance of 18m, the target face of 40cm shall be used.

7.2.4.1.

Rounds and faces.

For the Indoor Match Round, the triple 40cm faces shall be used. In the Elimination and Finals Rounds the faces shall be set in pairs on each target butt. Vertical triple faces shall be mandatory for the World Archery Indoor Championship. The use of single or triple faces in all other competitions is the choice of the organisers, who can allow the athletes in the same class and division to shoot on a different type of face.

7.2.4.1.1.

The set-up for a single face or a pair of faces.

The centre of the single face or the centre of the middle face of the vertical triple face shall be 130cm above the floor. When using triangular triple faces the height refers to the two lower centres of the triple faces. When using a pair of faces, the minimum distance between scoring areas of the two faces shall be 10cm. For 60cm faces the distance shall be a minimum of 2cm between the two scoring zones.

7.2.4.1.2.

Set-up for four 40cm single or triple triangular faces.

In case of four 40cm faces, the maximum height of the centres of the upper faces shall be 162cm above the floor. The centres of the lower faces shall be a minimum of 100cm above the floor. In the case of triple triangular 40cm faces, the maximum height refers to

the highest centres of the triple faces and the minimum height refers to the lowest centres of the triple faces. The minimum distance between the scoring zones of two faces at the same height shall be 10cm. Each face shall be placed in its quarter of the target butt (see (see image 6: 4 x 4 40cm Target Face for Indoor) and (see image 7: 4 x 4 Triple Triangular Face for Indoor)).

AC 7.2.4

Size of target face at different distances and target set-up indoors.

- at 25m, the target face of 60cm shall be used.
- at 18m:
- the target face of 40cm shall be used for the following categories:
 - all Masters, Senior, Junior and Cadet categories, and
 - Cub Compound category
- the target face of 60cm shall be used for the following categories:
 - Cub Recurve and Cub Barebow categories
 - all Pre-Cub categories
- PeeWee class may use any target size appropriate for the participants.

AC 7.2.4.1

also for the Indoor Match Round:

- the full 40cm face or the triple 40m faces shall be used for:
 - all Masters, Senior, Junior and Cadet categories, and
 - Cub Compound category.
- the full 60cm face or the triple 60cm face shall be used for:
- Cub Recurve and Cub Barebow categories, and
- all Pre-Cub categories.

Image 6: 4 x 4 40cm Target Face for Indoor

Image 7: 4 x 4 Triple Triangular Face for Indoor

7.2.4.1.3.

Set-up for four and two 40cm vertical triple faces.

When using four vertical triple 40cm faces, the centres of the middle faces shall be 130cm above the floor. With four vertical triple faces, there shall be a space of at least 10cm between the scoring zones of the second and third column, and a maximum distance of 2cm between the scoring zones of columns 1 and 2, and columns 3 and 4.

With two vertical triple faces (individual and team event), there shall be a space of minimum 25cm between the scoring areas of each column.

With one vertical triple face set-up horizontally (team shoot-off), the centre of the vertical triple face shall be 130cm above the floor.

7.2.4.1.4.

The tolerance of measurement shall not exceed ± 2 cm for the positioning of the target faces.

7.2.5.

Time Control Equipment. Acoustic and visual.

The Director of Shooting (see [Article 10.1.1.](#)) shall control:

- The start and end of each time limit with a whistle or another audible indicator;
- Each time limit with digital clocks, lights, flags, plates or any other simple visual indicator in addition to the audible signal referred to above.

7.2.5.1. In the event of a small discrepancy between the acoustic and the visual time control equipment, the acoustic time control equipment shall take precedence.

7.2.5.2. The following equipment can be used:

- Lights;
- The colours of the lights shall be red, yellow and green in that order with the red at the top. The lights shall be synchronized and at no time shall two different colours be on at the same time. In Championships, the lights shall be linked with the acoustic equipment so that the first sound of the acoustic equipment is simultaneous with the light turning red and the digital clock reaching zero.

- Digital Clocks;
- When timing is controlled by the use of digital clocks the figures on the clock shall be a minimum of 20cm in height and shall be able to be clearly read at a distance of 100m. They shall be able to be stopped and reset very quickly as and when required. The clock shall function on a countdown principle. All other requirements shall be the same as for lights.
- When digital clocks are used, lights are not mandatory.
- If both systems are used they must be synchronised. If there is a discrepancy the digital clock takes precedence.
- The visual signals are to be placed on both sides of the field and, if necessary, in a clear lane between target butts, at any distance shorter than 30m, so they are visible to all athletes, both left and right-handed, on the shooting line;
- Match play indicators;
- When shooting the alternating match play there shall be separate green/red lights, countdown clocks, or other visual signals for each athlete to indicate whose turn it is to shoot.
- Emergency Equipment;
- When the time limit is controlled by electrical equipment, plates, flags or other manual indicators shall be available in case the other equipment fails.
- When the time limit is controlled manually by means of plates, these are a minimum of 120cm by 80cm in size. They shall be securely mounted to resist any wind and shall be easy to turn quickly to show either side. One side of each plate shall be green and the reverse side of each plate shall be yellow.
- Lights or digital clocks and emergency equipment are mandatory for International Events.

7.2.6.

Miscellaneous Equipment

The equipment outlined in the bylaws below is mandatory at International Events and is recommended for other important tournaments.

7.2.6.1.

Athletes' numbers shall be worn by each athlete.

7.2.6.2.

A device to indicate the order of shooting if the athletes do not all shoot at the same time. The letters shall be large enough to be read by all athletes from their respective shooting positions.

7.2.6.3.

A scoreboard for cumulative totals after each end, for at least the first five athletes of each category and the scores for the qualification cut.

7.2.6.4.

In the Olympic, Compound and the Indoor Match Round a name plate carrying the athlete's number or name in the individual events, or the official acronym of the Team, shall be displayed in front of the shooting line.

7.2.6.5.

In the Elimination Round a flip-score device to show three digits shall be displayed below each butt.

7.2.6.6.

In the Finals Round, there shall be one remotely-operated scoreboard, one for each athlete (or team), with spaces for the scores of three individual arrows and the total score or sets for each match. There shall also be provision for the athlete's name and country, or the country in the team competition.

7.2.6.7.

Blinds for use in the Finals Rounds may be placed near the butts. They shall be used by Judges, scorers, and athletes agents.

7.2.6.8.

Outdoors wind flags, of any light material and easily visible colour (such as yellow) to serve as wind indicators, shall be placed above the centre of each butt. They shall be placed 40cm above the butt or the target number, whichever is higher. The flags shall measure not more than 30cm and not less than 25cm in any dimension.

7.2.6.9.

7.2.6.10.

Outdoors windsocks on both sides of the field and one in the middle when there is a split between the two sides. The windsocks are to be placed between 2.5 and 3.5m above the ground.

7.2.6.11.

A raised platform with seating facilities for the Director of Shooting.

7.2.6.12.

An audio system and wireless radios.

7.2.6.13.

On shooting fields other than the Finals Field or Finals Area of the main field, a sufficient number of chairs or benches placed behind the waiting line for all athletes, Team Managers, coaches and other officials.

The chairs for Judges, with some shelter from the weather, should be placed at appropriate places along the waiting line at the Qualification and Elimination Round fields.

7.2.6.14.

An automatic scoring system may only be used in the Finals Rounds.

7.2.6.15.

A small diameter television camera may be installed in the centre of the butt/target face other than when a shoot-off is occurring.

Chapter 8 Field of Play setup - Field Archery

8.1. Course Layout

8.1.1.

The field course shall be arranged so that the shooting positions and the targets can be reached without undue difficulty, hazard or waste of time. Field courses should be as condensed as possible.

8.1.1.1.

The walking distance from the central (assembly) area to the furthest target should be no more than 1km or 15 minutes normal walking.

8.1.1.2.

The course makers shall prepare safe paths for Judges, medical personnel and to allow for transportation of equipment round the course(s) while shooting is in progress.

8.1.1.3.

The course(s) shall not be positioned higher than 1800m above sea level and the maximum difference between the highest and the lowest point in a course shall not be more than 100m.

8.1.1.4.

The targets shall be laid out in such order as to allow maximum variety and best use of the terrain. In the Finals Round two butts shall be placed side by side at each target on which a 60cm or 80cm target face is placed.

8.1.1.5.

At all targets, one shooting peg for each distance shall be placed in such a way as to allow at least two athletes to shoot at the same time from either side of the shooting peg.

8.1.1.6.

All shooting pegs shall be marked with the distance when marked distances are to be shot. The shooting pegs shall have different colours, corresponding to each group of categories as follows:

- Blue for the Barebow, Cadet Recurve and Cadet Compound;
- Red for the Recurve and Compound;
- Yellow for the Cadet Barebow.

8.1.1.7. The tolerances are:

- For distances 15m or less $\pm 25\text{cm}$;
- For distances between 16-60m $\pm 1\text{m}$.

However, the distances given in [8.1.1.10. Unit for Marked Course](#) may be adjusted by $\pm 2\text{m}$. The correct distance shall be marked on the shooting peg.

The distance should be measured in the air approximately 1.5-2m above the ground. All kinds of measuring equipment can be used as long as it satisfies the tolerances.

8.1.1.8.

The butts shall provide a margin to allow all scoring arrows to be in the butt. At no point may any target face be less than 15cm from the ground. In all instances, regardless of the terrain, the buttress should be placed perpendicular to the athlete's line of sight from the shooting peg in order to present the target face's full picture.

AC 8.1.1.6

In addition, other Canadian categories shoot from each peg

2-4	80	20 to 35	30 to 45	35 to 55

8.1.1.9.1.

The distances of the targets faces of the same size should vary between long, medium and shot distances and it is recommended to use different sizes of buttresses.

8.1.1.10.

Unit for Marked Course

Number of targets 12 targets in a unit Min-Max #	Diameter of Field Faces in cm	Yellow Peg Barebow Cadet Longbow*	Blue Peg Recurve Cadet Compound Cadet Barebow Instinctive Bow (in meters)	Red Peg Recurve and Compound (in meters)

3	80	30, 35, 40	40, 45, 50	50, 55, 60

8.1.1.10.1.

The set distances may be adjusted with $\pm 2\text{m}$ if needed, however the new measured distance shall be displayed on the peg. On marked rounds a double 60cm target face setup is recommended.

8.1.1.11.

Elimination Rounds

The Elimination Round consists of 6 marked targets per match. Each set of 6 targets will have a mix of all face sizes (20/40/60/80) and all distances will be pegged (short/medium/long). Organisers will lay the course with consideration to the venue, the terrain and the lay of the land.

8.1.1.12.

Finals Rounds (and Team quarter-finals)

The semi final and final consist of four marked targets in each match with marked distances. During the finals the targets can be placed at the organiser wishes taking into consideration the terrain, lay of the ground and venue. All target faces (20/40/60/80) must be used and there should be a mix of short, medium and long distances.

8.1.1.13.

All targets shall be numbered in succession from 1 to 24. The numbers shall be clearly visible to archers and clearly identify the target number. They shall be placed 5-10m before reaching the shooting pegs for that target.

8.1.1.14.

The target numbers shall also function as the waiting area for the groups waiting for their turn to shoot. The members of the group shooting that target can be forward of the number board to assist with shading and spotting as necessary. From the waiting area it should be possible to see if anybody is standing at the peg.

8.1.1.15.

Clearly visible direction signs indicating the route from target to target shall be placed at adequate intervals to ensure safe and easy movement along the course.

8.1.1.16.

Suitable barriers shall be placed around the course, wherever necessary, to keep spectators at a safe distance while still giving them the best possible view of the competition. Only those persons having the proper accreditation shall be allowed on the course inside of the barriers.

8.1.1.17.

The assembly area should contain:

- A communication system allowing contact with the chairperson of the Tournament Judge Commission and the organisers;
- Adequate shelter for team officials;
- Separate shelter for the Jury of Appeal and the chairperson of the Judge Commission; Guarded shelter for the athletes gear and spare equipment;
- Practice targets on the competition days near the assembly point(s) for the athletes; Refreshment facilities;
- Toilets.

8.1.1.18.

The course(s) shall be completed and ready for inspection no later than 16 hours before the shooting starts. At World Championships they shall be ready along with details of any modifications to those courses for use as Elimination or Final Rounds, no later than the morning of two days before the shooting starts.

8.2. Venue Equipment and Scoring Zones

8.2.1.

The Field Face.

There are four field target faces :

- The 80cm face;
- The 60cm face;
- The 40cm face;
- The 20cm face.

Only those faces produced by a manufacturer licensed by World Archery shall be used at World Archery competitions.

8.2.1.1.

Description.

The face consists of a yellow centre spot and four equal scoring zones. The yellow zone is divided into two scoring zones.

The inner ring is scored as 6 and the outer yellow zone as 5.

The two zones shall be divided by a black line of maximum 1mm in width. The rest of the face shall be black. The four scoring zones shall be divided by white lines of maximum 1mm in width. There are no dividing lines between yellow and black.

Any dividing lines shall be in the higher scoring zones. The centre of the target face shall be indicated by a small "+" (cross). The lines of the cross shall not exceed 1mm in width and 4mm in length.

Drawing of the Field face see (see image 8: 1-6 Scoring Zones Target Face for Field).

Image 8: 1-6 Scoring Zones Target Face for Field

8.2.1.2.

8.2.1.3.

Target set-up.

- The 20cm and 40cm faces may be placed at any angle provided is still obvious which face or column the athlete is to shoot;
- 20cm faces shall be 12 per butt in four columns of three;
- 40cm faces shall be placed four per butt;
- 60cm faces: On marked rounds a double 60cm target face setup is recommended and their centres should be positioned so that both archers have an equal shot.

Chapter 9 Field of Play setup - 3D Archery

9.1. Course layout

9.1.1.

The courses shall be arranged in such a way that the shooting positions and the targets can be reached without undue difficulty, hazard or waste of time. 3D courses shall be as condensed as possible.

9.1.1.1.

The walking distance from the central (assembly) area to the furthest target shall be no more than 1 kilometer or 15 minutes normal walking.

9.1.1.2.

The course makers shall prepare safe paths for Judges, medical personnel and to allow for transportation of equipment through the course(s) while shooting is in progress.

9.1.1.3.

The course(s) shall not be positioned higher than 1800m above sea level and the maximum difference between the highest and the lowest point in a course shall not be more than 100m.

9.1.1.4.

The targets shall be laid out in such order as to take into consideration that there are unknown distances only, to allow maximum variety and best use of the terrain, with a fair balance between distance and size of the scoring zone.

9.1.1.5.

For small targets, the organisers shall place two or four targets next to each other.

9.1.1.6.

The targets shall be placed in a way as to present the full target to all athletes.

9.1.1.7.

Shooting distances - unknown distances only:

9.1.1.7.1.

Red pegs :

- Men and Women Compound Bow;
Maximum distance: 45m.
Minimum distance: 5m

9.1.1.7.2.

Blue pegs:

- Men and Women Barebow;
- Men and Women Longbow;
- Men and Women Instinctive Bow;
Maximum distance: 30m.
Minimum distance: 5m

9.1.1.7.3.

The 3D targets come in a range of sizes. The course must incorporate a range of target sizes placed at distances appropriate to their size.

9.1.1.8.

All targets shall be numbered in succession from 1 to 24. The numbers shall be clearly visible to archers and clearly identify the target number. They shall be placed 5-10m before reaching the shooting pegs for that target.

9.1.1.8.1.

The target numbers shall also function as the waiting area for the groups waiting for their turn to shoot. The members of the group shooting that target can be forward of the number board to assist with shading and spotting as necessary. From the waiting area it should be possible to see if anybody is standing at the peg.

9.1.1.9.

When the shooting peg is free, the group can go forward to the post with the picture of the target – as the secondary waiting area until the target is free.

9.1.1.10.

Clearly visible direction signs indicating the route from target to target shall be placed at adequate intervals to ensure safe and easy movement along the course.

9.1.1.11.

Suitable barriers shall be placed around the course, wherever necessary, to keep spectators at a safe distance while still giving them the best possible view of the competition. Only those persons having the proper accreditation shall be allowed on the course inside of the barriers.

9.1.1.12.

The assembly area shall contain:

- A communication device (system) allowing contact between the Chairman of the Tournament Judge Commission, the Judge Commission, the Technical Delegate and the organisers;
- Adequate shelter for team officials;
- Separate shelter for the Jury of Appeal, the Chairman of the Tournament Judge Commission and the Technical Delegate;
- Guarded shelter for the athletes gear and spare equipment;
- On the days of the tournament, some warm-up targets shall be set up near the Assembly Point(s) for the athletes;
- The practice field can be used as a warm-up field;
- Refreshment facilities;
- Toilets.

9.1.1.13.

The 3D course(s) shall be completed and ready for inspection no later than 16 hours before the shooting starts. At Championships they shall be ready no later than the morning of two days before the shooting starts, except for modified courses.

AC 9.1 Course Layout – Canadian Outdoor 3D

In general, the layout of a 3D course should follow the intent of the WA 3D layout Section WA 9.1 Course Layout with the following exceptions:

AC Note: WA references to archers shooting in pairs left and right positions does not apply in Canadian 3D archery.

AC 9.1.1.5

Small animal targets may be placed singly or in pairs. Archer shooting from the stake may shoot either animal.

AC 9.1.1.6

Animal targets shall be placed in a way as to present the full vitals scoring area to the archers. The placement may be quartered-off and parts of the animal may be obscured by hazards, but the full vitals must be visible from the archer's position within 1 m of the stake (outdoors) or at the shooting position (indoors).

AC 9.1.1.7

Shooting distances – unknown distances only:

Orange stake- Maximum distance 50 yards

Compound Unlimited (Senior, Master Junior)

Compound Fixed Pins

(Recurve* – Senior, Junior)

Green Stake - Maximum distance 40 yards

Compound Unlimited (M60, Cadet)

Hunter (Recurve* – Master, Cadet)

White Stake - Maximum distance 30 yards

Compound Unlimited (Cub, Pre-Cub)

Barebow (Senior)

Instinctive Bow (Senior)

Longbow (Senior)

Traditional (Master, Junior, Cadet, Cub, PreCub)

(Recurve* – Cub, Pre-Cub)

AC Note: -* - Recurve Division is a developmental divisions for Canadian 3D and not intended for Championship rounds

9.2. Venue Equipment and Scoring Zones

9.2.1.

The 3D Targets.

The courses are unmarked only. 3D Targets are used. The targets are three dimensional using a wide variety of forms of varying sizes. The number of targets used, their respective size and the size of the scoring zones are not standardised. The dividing lines of the scoring zones are within the higher scoring area.

The colour of the targets varies according to the target chosen.

9.2.2.

Scoring zones.

The target is divided into four scoring zones (11, 10, 8 and 5).

An arrow touching the dividing line between two scoring zones or the border line of the scoring area shall score the higher value.

- 11 points the small circle in the centre of the 10-ring (about 25% of the 10-ring zone); 10 points the larger circle within the vital area;
- Eight points vital area outside the 10 point circle; Five points remaining body colour zone;
- A hit in the horn or the hoof, or other defined non scoring area, not touching the body colour zone, a glance-off or any other miss counts as a miss (M). A hit in the tail or wings of a bird target is a scoring arrow. An arrow passing through the horn or hoof or other defined non scoring area, but touching a scoring zone, will score the value where it touches the scoring zone. An arrow passing through the horn or hoof or other defined non scoring area, but not touching a scoring zone will score a miss (M).

9.2.3.

Target pictures.

About 5-10m from the shooting peg, a post is placed showing the target picture of that target including the lines and the position of the respective scoring zones.

AC 9.2.3 notwithstanding WA 9.2.3 ...

the pictures need show only the outline of the vitals (8 zone).

AC 9.2.3.1

Pictures of the targets having multiple scoring zones shall show the vitals area to be scored.

AC 9.3 Range Layout – Canadian Indoor 3D

AC 9.3.0

Indoor 3D courses are laid out in one or several indoor ranges in large indoor facilities (arenas, display halls, etc.) with an arrangement of 3D targets and artificial obstacles typically representing outdoor features (trees, straw bales, fences, culverts, etc.)

AC 9.3.1.

The ranges shall be arranged in such a way that the shooting positions are along a clearly defined shooting line from which all archers on a range will shoot in one direction only towards the targets. The shooting line shall be straight with no staggering.

AC 9.3.2

Shooting positions are usually grouped with 3 or 4 shooting positions in each group such that:

- Each shooting position is for one specific target;
- Athletes can shoot from each shooting position, rotating through the group of 3 or 4 shooting positions/targets during each end of shooting.

AC 9.3.3.

All targets and their corresponding shooting positions shall be numbered in succession and the ranges will be labelled A, B, C, and D, or A, B and C.

- The numbers beside targets should be no less than 20cm tall

AC 9.3.4

The shooting direction from each shooting position to the designated target should not cross any other shooting direction (i.e. no cross-shooting).

AC 9.3.5

The targets as described in Article WA 9.3.1. shall be laid out in such order as to take into consideration that there are unknown distances only, to allow maximum variety and best use of the obstacles, with a fair balance between distance and size of the scoring zone.

- The courses should have a variety of large, medium and small targets with a maximum of two targets smaller than a fox on any course.
- Small animal targets may be placed singly or in pairs. When targets are in pairs, archer may shoot either animal.

AC 9.3.6

Animal targets shall be placed in a way as to present the full vitals scoring area to the archers. The placement may be quartered-off and parts of the animal may be obscured by obstacles, but the full vitals must be visible within reasonable movement of all archers while at the shooting position.

AC 9.3.7

Shooting distances – unknown distances only:

Orange Line - Maximum distance 50 yards Compound Unlimited (Senior, Master Junior)

- Compound Unlimited (M60, Cadet)
- Compound Fixed Pins
- Hunter
- (Recurve* – Senior, Junior)
- (Recurve* – Master, Cadet)

White Line - Maximum distance 30 yards

- Compound Unlimited (Cub, Pre-Cub)

- A team will consist of three athletes all of whom are members of the same club. An athlete may compete on only one team.
- All teams must have at least one member who is a Junior, Cadet, Cub, Pre-Cub, Woman or Para-archer athlete and no team may have more than one Masters or Senior shooting in the Compound, Compound Pins Fixed Compound or Unlimited, Divisions.
- A team's score will consist of the aggregate score, tens and nines of all its members attained in the individual competition.
- Athletes on the same team must shoot their scores on the same day at the same site.

APP3.4.2 Schedule

APP3.4.2.1

The Regional Indoor Championships are shot in various approved Host Site locations over the first consecutive Saturday and Sunday in March. Host Sites may run the event on one or both days.

In exceptional circumstances, the event may be held during the evening of the preceding Friday

APP3.4.2.2

Host sites are not permitted to run the Archery Canada Regional Indoor Championship simultaneously with any other championship or tournament.

APP3.4.2.3

In the event that a site is unable to hold the competition due to severe and unavoidable events such as extreme weather or natural disaster, the Site Director may request an extension.

- The Indoors Coordinator in consultation with the Archery Canada President may grant an extension not to exceed seven days.
- In the case of such an extension, the deadlines for appeals and corrections will be extended correspondingly for athletes shooting at that site only.

APP3.4.2.4

The schedule for the event will be determined by the host club. The schedule will be posted on the AC Website as declared at the registration of the host site.

APP3.4.3 Registration

APP3.4.3.1

Host Site Registration

- Any club which is a member of an Archery Canada affiliated Provincial Association may apply to be a Host Site. A Provincial Association may notify the Archery Canada that it wishes to designate clubs to host the Championships; however, in the absence of such notification, all club applications will be accepted provided they fulfill the requirements of a Host Site.
- Clubs wishing to be a Host Site will register with the Regional Indoors Coordinator by February 1 of the year of the Championships. The Coordinator may refuse late registrations at his discretion.
- A site without a Provincial Judge officiating may enter as a "Non-Competitive" Host Site. The results of participants at Non-Competitive Sites will be listed along with the results from other Host Sites but they will be identified as "Non-Competitive" participants. Athletes participating at Non-Competitive Sites will not be eligible for medals and the

organizers at these Host Sites must make every effort to ensure that participants are aware of the NonCompetitive status of that Site.

APP3.4.3.2

Individual Registration

- Individual Athletes must register with the Host Site as prescribed by the Site Director.
- Athletes must declare their equipment division and age class on their scorecards and Organizers will transfer this information to the registration form before shooting commences.
- No changes may be made to this registration information once shooting commence's, unless the athlete has been registered in a category for which he cannot legally register under Archery Canada rules.
- An athlete may register more than once, at one or more Host Sites provided:
 - Separate registration fees are paid for each registration;
 - The athlete registers in a different equipment division each time;
 - The athlete registers in the same age class each time;
 - In the case of an athlete registering in the same equipment division more than once or in different age classes, his first score shot in a division or age class will count.
- In the event that the athlete registers at a site, but does not submit a scorecard, his score will be entered as zero and will be considered the score for that athlete for the event
- An athlete who will be unable to attend one of the registered Host Sites and who will be competing in a tournament in another country or in a major tournament in Canada, may apply in writing to the Indoor Coordinator before February 1 to have his score in that tournament entered for the Canadian Regional Indoor Championships provided that:
 - the athlete is otherwise eligible to shoot in the Regional Indoor Championships;
 - the 18 meter Indoor Round he will be shooting is registered with World Archery. [AC note: Archery Canada does not register events held outside of Canada with World Archery. This must be done by the World Archery Member Association in that country. Athletes wishing to shoot at an out-of-country site must ensure that the event has been properly registered with World Archery];
 - the round is held no more than seven days before the first regularly scheduled domestic Host Site shoots and no later than seven days after the last regularly scheduled domestic Host Site shoots;
 - a copy of the athlete's scorecard must be received by email, fax or mail by the Indoor Coordinator within three (3) days of the completion of the out-of-country round;
 - in the case of an event such as the Canada Games which affects a number of athletes, the Regional Indoors Coordinator may grant permission to those athletes to use their scores without a written application from them individually.
- Provincial Games that are shot within a week before the event can be used as a site for the Archery Canada Regional Indoor Championship

APP3.4.3.3

Team registration

- Teams must register with the Host Site as prescribed by the Site Director.
- A team must be formed and registered before any team member shoots a scoring arrow. The team registration must include each athlete's category (age, sex and equipment division) and only scores shot in that category may be used. If a team member's category has not been specified, the first score shot following the registration of the team will be used.
- A club may register any number of teams; however only the highest scoring team from a club will be eligible for awards.

APP3.4.3.4

Fees – Host Site

- Archery Canada fees will be set from time to time at the discretion of the Archery Canada Executive.

AC 3.18.7.7

The Fred Usher Memorial Cup is a mixed team Championship for Provincial Teams with the format:

- Team Elimination Round (WA 4.5.1.4) with seeding and scoring handicapped according to each team's handicap point (see AC 3.18.7.7.2);
- single elimination matches to determine the first place team only.

AC 3.18.7.7.1

Teams will consist of three athletes in any gender or age, Cub Cadet age class or older, and any equipment division as used in Canadian Outdoor Championship competition. Each team member must participate in the age class and equipment division in which he registered for the Outdoor Target Championships.

AC 3.18.7.7.2

Handicap points for each 6-arrow end are awarded to each team as follows:

Under review

	HANDICAP per end		
	Compound	Recurve	Para-archer
Master Men	0.5	4	an additional 1.5 points per end for each Para-archer on a team.
Master Women	2	9	
Senior Men	0	2	
Senior Women	1	2.5	
Junior Men	1	2.5	
Junior Women	1.5	3.5	
Cadet Men	1.5	5	
Cadet Women	3	7	
Cub Men			
Cub Women			

- The total points for each 6-arrow end for a team is calculated as the sum of the team's actual arrow scores plus the team's total per-end handicap points as indicated above.
- A team's total end score may not exceed 60 points regardless of handicap points.
- Total points for tie-breaking ends of three (3) arrows for a team is calculated as the sum of the team's actual arrow scores plus one-half (1/2) the team's total per-end handicap points (ignoring fractional points) as indicated above.

The handicaps may be reviewed by the Rules Committee based on new Canadian and International Records and adjusted annually.

APP3.7.0 General Procedures

- All teams will be accommodated without a cut, byes being given as required.
 - As the teams are handicapped, they will therefore, be deemed as equal and the draw will be done by a random process, such as drawing the teams from a hat.
 - Matches are shot in 4 ends of 6 arrows per team.
- All matches at each stage are shot simultaneously with each team on its own target, except:
 - the final match shall be team alternate shooting, if permitted by event timing.
- Scoring takes place after every end.
 - Each team will appoint an agent who will verify the arrow scores as called and recorded by a judge assigned to each pair of targets. The agent will withdraw the team's arrows and return them to the shooting line after the second end. Runners will return the scorecard for each match to the Results Official as soon as possible after each end.
- Blinds may be used for the judges, agents and runners to speed up the process.
- A tie is broken according to the normal Olympic Round Team Elimination Round team matchplay rules except that one half of the team's per-end bonus points (ignoring fractional points) will be added to the three-arrow score shot in tie-breaking ends.

Appendix AC 3.9 Indoor Mailmatch Regulations

AC 3.18.7.7

The Mailmatch is a multi-site indoor competition over a long duration with the formats:

- A series of Canadian 300 rounds shot at multiple club locations
 - The results are submitted weekly, and
 - The average of the best 6 scores for each competitor or team are used to determine awards.
- There are three events:
 - Individual event by category - athletes compete in all recognized divisions for medals;
 - Individual event by mailmatch class - athletes compete within an assigned mailmatch class based solely on score achieved in a previous season for awards in each mailmatch class;
 - Club Team event – athletes participate in teams with mixed categories for team medals

AC 3.18.7.7.1

All Archery Canada equipment divisions recognized for Target Archery, and all Archery Canada age classes apply.

AC 3.18.7.7.2

Team composition shall consist of: at least one (1) finger shooter, at least one (1) release shooter and at least one (1) woman, junior or younger age or para-archer.
