## 4. Team Selection Process

**The team will be selected based on the combined 2020 Senior and Junior Squad final rankings as of, October 1<sup>st</sup>, 2020 including performance points. **Compound 2020 Ranking Criteria (INSERT LINK)**

The team will be made up of the top 8 ranked archers for both the Men's and Women's Senior Teams. The top ranked archers will be determined by the combined Junior and Senior compound ranking lists, where each archer must achieve the following minimum ranking levels to be considered:

- **Men: Total of 3450 or higher**
- **Women: Total of 3350 or higher**

**Archers selected and named to the Senior National team will have also competed in at least one of the following events in 2020. The score obtained at the chosen event by the archer will count as (1) of the 5 scores required for team selection.**

- Archery Canada National Target Championships
- Canada West
- Hyundai World Archery World Cups
- World Ranking Events, including the Pan Am Championships and World Games Qualifier in Columbia
- USAT events (any)
- USAA Nationals

It is the archer's sole responsibility to ensure the scores are kept up to date. The prospective team will be announced **October 2<sup>nd</sup>**, archers will have until **October 16<sup>th</sup>** to challenge any of the selected archer's placings on the 2020 rankings list.

The selected archers will represent Canada at WA, World Cup events and other potential events, with the top 4 having first choice of attending. If one of the top 4 archers chooses not to attend, that position will go to the next archer until the 8<sup>th</sup> position is exhausted, no other archers will be considered

The selected archers will be required to sign the athlete's agreement for 2021, as well as complete and submit all appropriate athlete documentation to the Archery Canada office, at least 3 weeks before attending an event as a National Team member.

Archers will also be expected to produce a training schedule with a listing of tournaments they plan on attending for the 2021 season

## 5. Performance

---

Selected archers will be expected to support the Archery Canada Championships as well as continue to be ranked for the 2021 season with that process started no later than May 30<sup>th</sup>. Archers will be expected to achieve scores that they shot in the 2020 rankings list.

## 6. Removal or withdrawal from the team

---

Archers having not started the ranking process by May 30<sup>th</sup> may be removed from contention for the team.

Athletes can remove themselves by emailing the Target/Field Coordinator: [compound@archerycanada.ca](mailto:compound@archerycanada.ca)

Archers may also be removed from the 2021 Compound Team if they have not met the above performance guidelines without just cause and/or failure to sign the 2021 Athlete Agreement.

If an archer in contention for the team voluntarily withdraws their name from contention before the official selection date, the next archer on the ranking list, that meets the outlined criteria, will be eligible for selection.

If an archer in contention for the team voluntarily withdraws their name from the team, following official selection to the team, the Target/Field Coordinator can nominate the next ranked archer on the ranking list to the Archery Canada High Performance Committee. The Committee will determine if that archer meets selection requirements, as per the Compound Canadian Team Selection Policy and this addendum. If HPC finds the archer does meet the requirement, they will be able to move the nomination for approval by a Selection Approval Panel, as per section 4 & 5 of the Compound Canadian Team Selection Policy.
