# Description

Bullseyes Across Canada is a fundraiser that any archer in Canada can participate in as part of a club team or as an individual. It will be a great way for the country to come back to the sport of archery and to raise funds for all levels of the sport system - club, provincial association, and national association.

---

This fundraiser, organized by Archery Canada, is a challenge for archers to shoot their record number of bullseyes in a one-hour session, while having fun, supporting their club and the sport across Canada!

---

All clubs are encouraged to register archers on their behalf, with all the registered archers from a club forming a team on its behalf. Each club, can organize a club activity for this fundraiser, choosing one or multiple 1-hour sessions on a single day, or designating multiple 1-hour time slots on any day from September 18th, 2021 to February 28th, 2022. All participants must adhere to the rules listed below.

**Throughout the month, let's see how many bullseyes we can shoot!**

All funds raised will be divided between the club (35%), the provincial organization (35%), and Archery Canada (30%).

The fundraising platform, Simplyk, charges no fees, so all funds raised go to supporting our sport. Funds raised will help archery recover across Canada after the COVID pandemic, and at the national level will be used to support Archery Canada's non-Olympic programming.

---

*Here's why participating matters!*

While Archery Canada is directing its funds towards non-Olympic programming, clubs and provincial organizations can use the funds raised to support projects that develop our sport from the grassroots and up. Let's come together as a country to boost our sport after a difficult year.

---

There is no entry fee to participate, though all archers will be asked to raise pledges from friends, family and their community. Simply direct people to your personal page on the fundraising platform and encourage them to support you and your sport. All donations are eligible for a tax receipt.

---

This is Archery Canada's first national fundraiser and we encourage you to take part and help grow the sport.

# **RULES**

Bullseyes Across Canada will run from midnight Newfoundland Daily Time (NDT) on September 18th, 2021 to 11:59:59 PM Pacific Daily Time (PDT) on February 28th, 2022.

Each club that has archers participate will become a TEAM and will be eligible for a portion of the monies raised by the archers who shoot at their club. Each participating club must sign up via Simplyk to take part in the fundraiser.

Each TEAM must designate one member (above 18 years of age) to collect and record the number of bullseyes achieved by archers. This person will be the designated Bullseye Coordinator for that team. (This person may also participate in the Bullseyes Across Canada shoot at their club).

All participating archers must sign up via Simplyk and identify the club that they are shooting on behalf of.

There is no fee for archers to participate – they just need to try to raise funds by seeking pledges. Bullseyes Across Canada is open to ALL archers in ALL divisions. Remember, all monies raised will go directly back to the sport, benefiting the club, the provincial association and Archery Canada.

Pledges should be collected via Simplyk but can also be collected via cash or cheques and then submitted onto Simplyk by the participant. Participants can share the link to their personal donation page via email or social media, or any creative way you can come up with.

All Bullseyes Across Canada sessions will take place at distances appropriate to an archer's age and equipment classification at either an outdoor or indoor range, and the distance, age and equipment classification are recorded on your official record.

Compounds shooting at 18 meters will score the inner 10 and recurves the outer 10 as an official Bullseye.

# ***RULES***

Each club/team can choose to organize one 1-hour session or multiple sessions in which the bullseyes will count towards their team total in the fundraiser (i.e. one club night, one try-it session). Each participating archer can only participate in one session.

The club/team will determine the number of arrows shot in each end prior to the start of a session and archers may choose to shoot a single or 3 spot target, size of target determined by distance, age and equipment classification.

Archers must have bullseyes shot in the designated sessions verified by a second archer and record them on the official score sheet (included in this package). Scorecards must be signed by the archer and witness.

All bullseyes must be submitted by the TEAM Bullseye Coordinator to [zmeil@archerycanada.ca](mailto:zmeil@archerycanada.ca) with the subject line "Bullseyes Across Canada - Scorecard" before 11:59:59 pm PDT on February 28th, 2022.
