ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to an individual athlete. In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of one (2) qualification slots per individual medal event in the compound and recurve categories, and (1) qualification slot per individual medal event in the W1 categories, for a total of ten (10) qualification slots. Exceptions may be made via the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 30 September 2027.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of two (2) eligible athletes per individual medal event in the compound and recurve categories; and one (1) eligible athlete per individual medal event in the W1 categories. Athletes must be entered in the medal event in which the slot was obtained. Exceptions may be made for Bipartite Invitation recipients.

An NPC automatically enters a maximum of one (1) mixed team comprised of one (1) eligible male and one (1) eligible female athlete if they have athletes competing in both genders. Team members are selected from the athletes who compete in the individual events. In principle the highest ranked male athlete and the highest ranked female athlete will be considered as the team, but the team composition can be modified up to 15 minutes before the start of the first team match.

An NPC can enter a double in the categories in which they have qualified for the doubles event (2 archers of the same gender and category).

AMERICAS PARALYMPIC COMMITTEE

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

<table>
<tr><th>METHOD</th><th>QUALIFICATION</th><th>TOTAL</th></tr>
<tr><td>Host Country Allocation</td><td>The Host Country directly qualifies one (1) athlete for each individual medal event. To qualify a double, the host country must win a doubles position in any of the two qualifiers for this event.</td><td>3 male athletes
3 female athletes</td></tr>
<tr><td>Para South American Games</td><td>1 individual position in each of the following categories: RM, RW, CM, CW will be allocated to the highest ranked individual archer from countries which did not win team or individual spots in the Para Pan American Championships. These positions will be allocated retroactively after the Para Pan American Championships.</td><td>2 male athletes and 2 female athletes</td></tr>
<tr><td>Para Pan American Championships Allocation</td><td>The top three doubles in the recurve and compound categories will win 2 spots for their NPC. (12 male and 12 female athletes).

The highest ranked athletes in each individual medal event (excluding those NPCs that won doubles positions) will each obtain one (1) qualification slot (only one for each NPC) for their NPC according to the following matrix:
<table>
<tr><td>Men’s Individual W1</td><td>3</td></tr>
<tr><td>Men’s Individual Compound</td><td>3</td></tr>
<tr><td>Men’s Individual Recurve</td><td>3</td></tr>
<tr><td>Women’s Individual W1</td><td>3</td></tr>
<tr><td>Women’s Individual Compound</td><td>1</td></tr>
<tr><td>Women’s Individual Recurve</td><td>1</td></tr>
</table>
Any slot that cannot be allocated through this method will be allocated via the Bipartite Commission Invitation allocation method.</td><td>21 male athletes and 17 female athletes</td></tr>
</table>

<table>
<tr>
<td>Para Central American and Caribbean Qualifier</td>
<td>1 individual position in each of the following categories: RM, RW, CM, CW will be allocated to the highest ranked individual archer from Central American and Caribbean NPC which did not win team or individual spots in the Para Pan American Championships. These positions will be allocated at the Para Pan American Championships once individual positions have been allocated to athletes from the whole continent in the overall match play rounds.</td>
<td>2 male athletes and 2 female athletes</td>
</tr>
<tr>
<td>Second Qualifier (2027)</td>
<td>The first place (only one double) in the doubles event in each recurve and compound category will secure 2 spots for their NPC (4 male and 4 female athletes). The NPCs who won a doubles position in the Para Pan American Championships will not compete for new positions in this second qualifier.

The highest ranked athletes in each individual match play with athletes from NPCs that have not won a position yet in a specific category will each obtain one (1) qualification slot (only one per NPC) according to the following matrix.

<table>
<tr><th>Men’s Individual W1</th><th>1</th></tr>
<tr><td>Men’s Individual Compound</td><td>1</td></tr>
<tr><td>Men’s Individual Recurve</td><td>1</td></tr>
<tr><td>Women’s Individual W1</td><td>1</td></tr>
<tr><td>Women’s Individual Compound</td><td>1</td></tr>
<tr><td>Women’s Individual Recurve</td><td>1</td></tr>
</table>

Should the doubles position be won by an NPC which had already won an individual spot in the Para Pan American Championships, this individual position becomes vacant and will be allocated to the next individual archer in the second qualifier whose NPC does not have spot.</td>
<td>7 male athletes and 7 female athletes</td>
</tr>
</table>
